THE NATIONAL INDIAN GAMING COMMISSION ANNOUNCES CORRECTED COMMENT PERIOD FOR NOTICES OF PROPOSED RULEMAKING

On December 1, December 2, and December 9, of 2021, the National Indian Gaming Commission published Notices of Proposed Rulemaking (NPRM) in the Federal Register seeking comments on proposed changes to 25 C.F.R. Parts 514, 522, 537, and 559. Although the Commission intended to set a comment period of 60 days from the date of publication in the Federal Register, the published NPRMs inadvertently set a comment period of 30 days. In order to allow Tribes, Tribal Gaming Regulatory Authorities, Tribal gaming operations and all other interested parties ample time to review the proposed changes and submit comments, the Commission announces that it will accept comments on the published NPRMs for a period of 60 days from the date of publication in the Federal Register.

The comment periods are as follows:

- 86 FR 68445: Written comments regarding proposed changes to 25 C.F.R. Part 514, Fees, must be submitted by January 31, 2022;
- 86 FR 68446: Written comments regarding proposed changes to 25 C.F.R. Part 537, Background Investigations for Persons or Entities With a Financial Interest in or Having a Management Responsibility for a Management Contract, must be submitted by January 31, 2022;
- 86 FR 68200: Written comments regarding proposed changes to 25 C.F.R. Part 559, Facility Licenses, must be submitted by January 31, 2022;
- 86 FR 70067: Written comments regarding proposed changes to 25 C.F.R. Part 522, Submission of Gaming Ordinance or Resolution, must be submitted by February 7, 2022.

The Commission is working with the Federal Register to publish the corrected comment periods.
