## NATIONAL TRAINING CONFERENCE

**NTC  
2023**

START TIME	NIGC National Training Conference Agenda	
	DAY ONE	
8:30	Welcome/Ice Breaker	
9:00	Leadership Discussion	
10:00	30-Minute Break	
10:30	How to Avoid an IGRA Violation	
12:00	Lunch (On Your Own)	
	AUDIT TRACK	COMPLIANCE TRACK
1:00	IT Findings and Best Practices	Risk Assessments
2:00	15-Minute Break	
2:15	Cybersecurity Incident Response Plans	Risk Assessments (Continued)
3:15	15-Minute Break	
3:30	Cybersecurity Incident Response Plans (Continued)	Ethical Considerations for Regulators
4:30	DAY ONE: Wrap-up and Q&A	
	DAY TWO	
8:30	Top 10 Audit Findings	Panel: The Regulatory Landscape
9:30	15-Minute Break	
9:45	Intent and Testing: Bingo Toolkit	Criminal History Record Information (CHRI) and Compliance with 25 CFR Part 558.3(e)
10:45	15-Minute Break	
11:00	Intent and Testing: Bingo Toolkit (Continued)	Essential Roles of a Regulator
12:00	Lunch (On Your Own)	
1:00	Panel: Roundtable Discussion with Internal Audit Professionals	Report Writing
2:00	15-Minute Break	
2:15	Critical Thinking: Enhancing the Internal Audit	Background Investigations: Eligibility Determination for Nuanced Standards
3:15	15-Minute Break	
3:30	Critical Thinking: Enhancing the Internal Audit (Continued)	Background Investigations: Eligibility Determination for Nuanced Standards (Continued)
4:30	DAY TWO: Wrap-up and Q&A	

DAY THREE	
8:30	NIGC Authorities in EPHS
9:30	15-Minute Break
9:45	Emergency Preparedness Panel
10:45	15-Minute Break
11:00	Introduction to Emergency Preparedness Plans
12:00	Lunch (On Your Own)
1:00	Government Agency Panel Discussion
2:00	15-Minute Break
2:15	Collaborative Approach to Combatting Human Trafficking
3:15	Event Concludes

---

## COURSE DESCRIPTIONS

---

### Leadership Discussion

This regional and national update will give attendees on understanding of the hot button issues facing our industry, from areas of concern to technological updates, to an open format that welcomes your questions.

**Intended Audience:** All

### How to Avoid an IGRA Violation

The Indian Gaming Regulatory Act has specific areas where non-compliance can lead a Tribe to a violation. The best way to ensure your operation remains compliant is to know the common problems and the best ways to avoid them. Join our Office of General Counsel as they point out the pitfalls and give you timely tips for success.

**Intended Audience:** All

---

## Audit Track

Course listing in order of schedule

---

### **Information Technology Audit Findings and Best Practices to Remediate**

#### **Risk**

Information Technology issues continue to be one of the highest reported findings submitted to the NIGC through external reporting. This course provides an overview of the most repeated findings in the gaming industry. Hear from our IT professionals as they discuss the top findings and give you the tools to determine intent and testing requirements essential to remediate information technology non-compliance.

**Intended Audience:** IT Professionals, Internal Auditors, and Tribal Gaming Regulatory Authorities

### **Cyber Security Incident Response Plans**

It is not a matter of if, but when! A cyber-attack can happen at any moment in an operation – will you know what to do? Incident response plans are critical to overcome and limit the damage an incident can cause. This interactive course will challenge you to bring your critical thinking skills, which will guide you in the development of an incident plan that you can take back to your facility.

**Intended Audience:** Tribal Gaming Regulators, Operations Personnel, IT Professionals, Risk and Safety Personnel

### **Top 10 Audit Findings**

Do you have audit findings on our Top 10? Don't know? Find out in this presentation of the Top 10 most common audit findings as identified through annual AUP independent audit reports, internal audit reports and NIGC internal control assessments. This course will cover the intent of the control, and provides specific instructions and exercises focusing on identifying and correcting findings. You will leave with an increased understanding of and ability to identify and remedy like findings at your gaming operations.

**Intended Audience:** Tribal Regulators, Auditors, Casino Operations

### **Intent and Testing: Bingo Toolkit**

Understanding the intent of a standard is the first step in ensuring appropriate testing is occurring. Join us as we go through the Bingo Tool Kit where we will discuss how it can be used, engage in practical exercises, and discuss the intent and testing process to help build better controls and testing methods. This course will help tribal regulators, internal auditors,

and operations personnel to better understand the MICS for class II gaming.

**Intended Audience:** Internal Auditors, Operations, and Regulator Personnel

**Panel: Roundtable Discussion with Internal Audit Professionals**

Join this panel of internal audit professionals as they discuss the current landscape of the Internal Audit process for their gaming operations. Dive into the issues they face and hear how they have overcome these challenges.

**Intended Audience:** Internal Auditors, Operations Personnel, Regulators, and those interested in Internal Audit

**Critical Thinking: Enhancing the Internal Audit**

Looking to improve your skills? Then we have the course for you. This course increases your understanding of objective and critical thinking skills necessary to evaluate and test a standard to ensure testing is appropriate. The course is intended for experienced operations and regulatory compliance personnel with a working understanding of the internal audit process.

**Intended Audience:** Internal Auditors, Operations and Regulatory Compliance

### **Risk Assessments**

Not that risk is everywhere, but it is... In this course, we will discuss risk assessments and lead participants to discover their risk and apply resources over high-risk areas to limit exposure to potential violations. This activity-based session will help you start the conversation about strengths, weakness, opportunities and threats with your team!

**Intended Audience:** Tribal Leadership, Commissioners, and TGRA staff

### **Ethical Considerations for Regulators**

The wonderful world of gaming is full of shinny things and freebees... or is it? In this course, we will dive into ethics and tools for navigating ethical situations. Daily, TGRA's and Commissioners may encounter situations where ethical decisions come into play. We will start the conversation on building an ethical culture within your department, and share real-life examples and lessons learned when encountering common ethical issues.

**Intended Audience:** Tribal Leadership, Commissioners, and Tribal Gaming Regulatory Authorities

### **Panel: The Regulatory Landscape**

Join this panel of regulatory professionals as they discuss all the trending topics facing the Indian gaming industry. Hear from the panelist on how they are addressing the challenges as the landscape continues to change.

**Intended Audience:** All

### **Criminal History Record Information (CHRI) and Compliance with 25 CFR Part 558.3(e)**

Join staff from the NIGC Criminal Justice Information Services Audit Unit (CAU) for a discussion about CHRI and compliance with 25 CFR Part 558.3(e).

**Intended Audience:** Background and Licensing Personnel, LASO's and other Regulatory Personnel

### **Essential Roles of a Regulator**

Regulators like all staff in gaming operations are asked to perform many tasks. Being an expert in all things gaming is difficult, if not impossible. Let us break down some essential

roles of regulators to ensure compliance. We will also look at some areas throughout the gaming operation that have valuable reports (i.e. revenue audit, surveillance, internal audit) to help in your day-to-day activities.

**Intended Audience:** Tribal Leadership, Commissioners and Tribal Gaming Regulatory Authorities

### **Report Writing**

Tired of the same old report writing class? Well, this is just like those... only fun! Designed for both experienced and new TGRA staff as well as any tribal gaming department that writes reports, we have filled this hands-on, activity-based course with information to improve report-writing skills.

**Intended Audience:** Tribal Gaming Regulatory Authorities, Security, Surveillance, and Commissioners

### **Background Investigations: Eligibility Determination for Nuanced Standards**

What do you think when you hear Reputation, Habits, and Associations? What about Prior Activities? Join us as we look at the nuanced language of the Background Investigations for PMO/KE. You will work together in this interactive course, using critical thinking skills to develop a process to bring back to your operations.

**Intended Audience:** Background and Licensing Personnel, Regulatory Personnel, individuals interested in developing processes

---

## Emergency Preparedness Workshop

Course listing in order of schedule

---

### **NIGC Authorities in EPHS**

In this session, you will learn about how IGRA and the NIGC's authority in Environmental Public Health and Safety (EPHS) intersect through its interpretive rule, which states that the construction and maintenance of the gaming facility and the operation of that gaming is conducted in a manner, which adequately protects the environment and the public health and safety. We will also discuss the importance of your Facility License and review the EPHS Checklist.

**Intended Audience:** Risk and Safety Personnel, Operations, Security, and Regulator Personnel

### **Emergency Preparedness Panel**

In this session, you will hear from industry professionals, who lead emergency preparedness for their tribal casino organizations. They will discuss the importance of effective team building, training and collaboration to achieve emergency preparedness in addition to identifying who makes command decisions, the command structure and identify the primary decision makers.

**Intended Audience:** Risk and Safety Personnel, Operations, Security, and Regulator Personnel

### **Introduction to Emergency Preparedness Plans**

This session is designed to guide tribal regulatory commissions and staff, casino team members and management in the response to critical and emergency situations. The NIGC's Emergency Preparedness Response Plan model template will be reviewed and shared. The primary purpose is to protect team members and guests. This plan establishes a command structure so sound decisions can be made effectively and promptly communicated to employees and guests.

**Intended Audience:** Risk and Safety Personnel, Operations, Security, and Regulator Personnel

### **Government Agency Panel Discussion**

In this session, you will hear from the government agencies, IHS Division of Environmental Health Services who will discuss their role in partnerships with tribal casino health and food safety in addition to offices of emergency service leaders and topics.

**Intended Audience:** Risk and Safety Personnel, Operations, Security, and Regulator Personnel

### **Collaborative Approach to Combatting Human Trafficking**

In this session, the NIGC will provide agency updates on the training they developed specific Human Trafficking indicators in the tribal gaming industry and the collaborative efforts taking place between NIGC, DHS and BIA in addition to tribes that are actively working on Human Trafficking awareness and education in their communities.

**Intended Audience:** Risk and Safety Personnel, Operations, Security, and Regulator Personnel

# IT Findings and Best Practices Participant Guide

Slide 1		<b>PARTICIPANT QUESTION CHALLENGE</b> The time allotted for this virtual training will allow each of you to ask questions. I challenge each of you to ask a question! Your participation will make this training a success today!
Slide 2		<b>Key Points</b> Rather than discuss specific types of trending attacks and vulnerabilities, in this course we aim to take a different approach. We will be looking at specific data/events/timelines of successful cyber-attacks within Indian Country in recent years, and then by reviewing what happened in those attacks we will discuss lessons learned, ways to reduce the chance of a similar attack, and uncover possible lapses in compliance.

# IT Findings and Best Practices Participant Guide

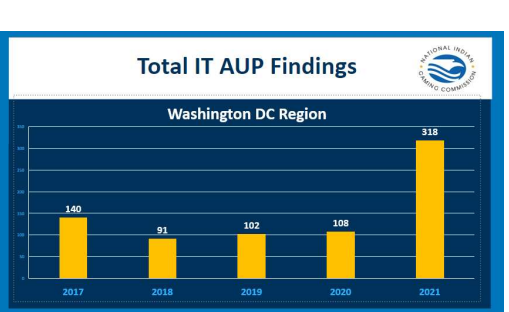

Slide 3

Year	Findings
2017	869
2018	648
2019	606
2020	800
2021	844

**Key Points**  
Information Technology Agreed Upon Procedures number of findings by year.

Slide 4

Year	Findings
2017	140
2018	91
2019	102

Slide 6

F(5) User Controls	§ 543.20 (f-g)	Intent and Testing
Citation	Language	
543.20 (f)(4)	Lost or compromised access credentials must be deactivated, secured or destroyed within an established time period approved by the TGRA.	<b>Intent:</b> To ensure that lost or stolen user access credentials are deactivated in the minimum time period stated by the TGRA. <b>Testing:</b> Review TICS, SICIS, Policies and Procedures and Employee Manuals for employee and IT Management action when compromised credentials are reported.
543.20(f)(5)	Access credentials of terminated users must be deactivated within an established time period approved by the TGRA.	<b>Intent:</b> To ensure that access credentials of terminated users are deactivated in the minimum time period stated by the TGRA. <b>Testing:</b> 1. Review TICS, SICIS, Policies and Procedures and Employee Manuals for employee, IT Management and Human Resources action when compromised credentials are reported. 2. Review user access lists for former employees

**Key Points**  
Over the past 5 years, User Controls is a common finding that continue to show up on the AUPs. Why are User Controls a finding to overcome?

Slide 7

F(5) User Controls	§ 543.20 (f-g)	
<ol style="list-style-type: none"><li>Are user's access secured with passwords/MFA?</li><li>Who is assigned to control, update or modify system functions?</li><li>Are there roles and responsibilities for controls and are they approved by the TGRA?</li><li>Are user controls recorded with Who, When, Why and What was completed?</li></ol>		

**Key Points**  
Some thoughts to think about when reviewing policies and procedures around User Controls.

Slide 8

F(5) User Controls	§ 543.20 (f-g)	
<p>As TGRA what would be the best time period (in hours) for assuring lost, compromised or access credentials of terminated users be deactivated?</p> <p>A. 8 B. 12 C. 24 D. 48</p>		

**Key Points**  
Answer question

# IT Findings and Best Practices Participant Guide

Slide 9

I(1) Incident Monitoring & Reporting 		
Citation	Language	Intent and Testing
§ 543.20 (g-i)		
543.20(i)	Incident monitoring and reporting. (1) Procedures must be implemented for responding to, monitoring, investigating, resolving, documenting, and reporting security incidents associated with information technology systems.	<b>Intent:</b> To ensure expedient and appropriate response to computerized incidents, faults, errors or cyber attacks.  <b>Testing:</b> 1. Review TICS, SICS, IT Policies and Procedures and review sampling of Incident Responses and the courses of action taken. 2. Review relevant work orders, job orders or work requests completed to address the incident(s).

**Key Points**

Do you have procedures implemented for responding to, monitoring, investigating, resolving, documenting and reporting security incidents and/or cyberattacks?

Slide 10

I(2) Incident Monitoring & Reporting 		
Citation	Language	Intent and Testing
§ 543.20 (g-i)		
543.20(i)(2)	All security incidents must be responded to within an established time period approved by the TGRA and formally documented.	<b>Intent:</b> To ensure all security incidents are responded to and addressed within a practical time period to mitigate the associated incident risk.  <b>Testing:</b> Review TICS, SICS, or P&P for a time period established by security incidents should be responded to as soon as possible from the moment of notification.

**Key Points**

Security Incidents should be responded to within a timeframe from the moment of notification.

Slide 11

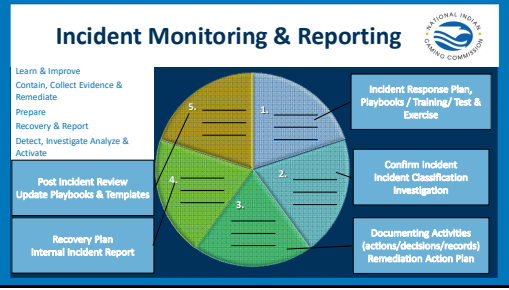

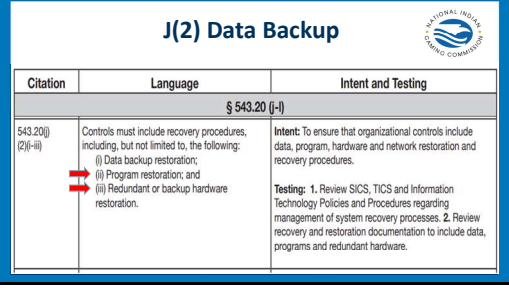

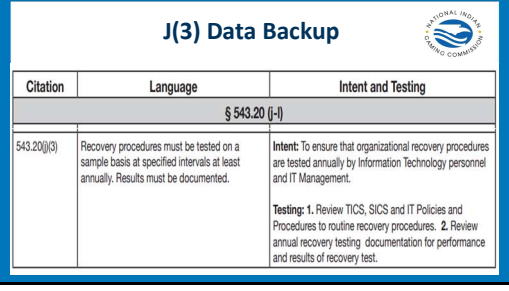

Incident Response Review 	
Do I understand my business risk? Have I identified the types of assets and information that need to be protected?	Do I have the right tools in place to ensure timely incident detection and response?
Has my organization developed a security strategy and communicated it effectively?	Have I developed a formal incident response plan? Have I tested the efficacy of my current incident response plan and processes?

Source: CISA

**Key Points**

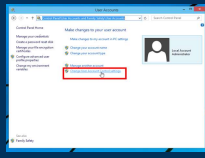

Some questions to consider when reviewing incident response plan?

## Information Technology Findings and Best Practices – Handout

**Instructions:** Review the process wheel below. Using the phrases in the grey box, write the correct phrase matching the corresponding process indicated.

**NIGC National Training Conference Evaluation**  
**Course Name: IT Findings and Best Practices**

*NIGC greatly appreciates your feedback to aid in our Training offerings.*

<i>When filling out the evaluation, please use the ranking scale of 1-5 as noted.</i>	<b>1 Extremely Dissatisfied</b>	<b>2 Dissatisfied</b>	<b>3 Neutral</b>	<b>4 Satisfied</b>	<b>5 Extremely Satisfied</b>
<b>Did the training meet your expectations?</b>					
<b>Presentation materials were useful/effective. (i.e., PowerPoint, videos, handouts, etc.)</b>					
<b>Presentations and materials are clear.</b>					
<b>Overall I would rate the presentations:</b>					
<b>Was the presenter(s) knowledgeable in the subject matter?</b>					
<b>Overall, I would rate the presenter(s):</b>					

**Please provide additional details relevant to your scores above.**

--

**How do you feel NIGC can improve for future trainings?**

--

**Please list any recommendations for future training topics.**

# Cyber Security Incident Response Plans Participant Guide

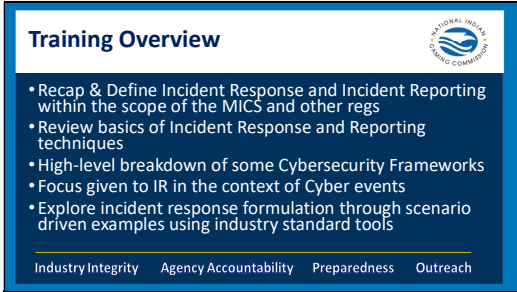

---

National Indian Gaming Commission

## Cyber Security Incident Response Plans

# Cyber Security Incident Response Plans Participant Guide

Slide 1		<b>KEY POINTS</b> <p>It is not a matter of if but when! A cyber-attack can happen at any moment in an operation, will you know what to do?</p> <p>Incident response plans are critical to overcome and limit the damage an incident can cause.</p> <p>This interactive course will challenge you to bring your critical thinking skills, and assist in the development of an incident plan that you can take back to your facility.</p>
Slide 2		<b>KEY POINTS</b> <p>Recap &amp; Define Incident Response and Incident Reporting within the scope of the MICS and cyber security frameworks</p> <p>Identify why we need Incident Reporting</p> <p>Review basics of Incident Response and Reporting techniques</p> <p>Explore incident response formulation through scenario driven examples using industry standard tools.</p>

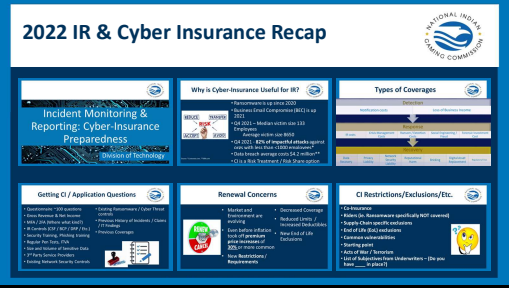

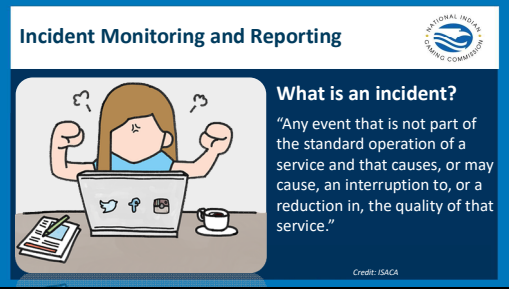

# Cyber Security Incident Response Plans Participant Guide

Slide 3	<div data-bbox="391 275 883 558"><p><b>MICS Requirements</b></p><p>Incident Monitoring &amp; Reporting - 25 CFR 543.20(i)(1)</p><p>"Procedures <i>must</i> be implemented for <u>responding</u> to, monitoring, investigating, <u>resolving</u>, documenting, and reporting security incidents associated with information technology systems."</p></div>	<p><b>KEY POINTS</b></p> <p>(i) <i>Incident monitoring and reporting.</i></p> <ul style="list-style-type: none"><li>• <b><u>Procedures must be implemented (SICS need to be developed) for responding to, monitoring, investigating, resolving, documenting, and reporting</u></b> security incidents associated with information technology systems.</li></ul> <p>(2) All security incidents must be responded to within an <b>established</b> time period <b>approved</b> by the TGRA and formally <b>documented</b>.</p> <p>A lot contained in 543.20(i)(1)</p> <p><b>Responding</b> Monitoring Investigating <b>Resolving</b> Documenting Reporting</p> <p>Many Different things can constitute a security incident. Hardware failure, weather events, internal threats, external threat actors just to name a few.</p> <p>How do we deal with this, by having robust procedures in places to deal with the variety of incidents</p>
---------	--	--

# Cyber Security Incident Response Plans Participant Guide

<p>Slide 4</p>		<p><b>KEY POINTS</b></p> <p>Here are a few of the additional requirements laid out in the FBI's CSP 5.9.1</p> <p>5.3.1 Reporting Security Events 5.3.2 Management of Security Incidents 5.3.2.1 Incident Handling 5.3.3 Incident Response Training 5.3.4 Incident Monitoring 5.13.5 Incident Response (Mobile)</p> <p><a href="https://www.fbi.gov/file-repository/cjis_security_policy_v5-9-1_20221001.pdf/view">https://www.fbi.gov/file-repository/cjis_security_policy_v5-9-1_20221001.pdf/view</a></p>
<p>Slide 5</p>		<p><b>KEY POINTS</b></p> <p>A recap of the 2018/2019 training on Incident Reporting:</p> <p>We covered the importance of Incident Response and dove into one responsibility within the MICS...</p> <p><b>Incident Reporting</b></p> <p>While we did cover many different scenarios and IR steps and types of remediation...we did not cover every imaginable one.</p> <p>One we did not get into enough detail in was the topic of cyber security incidents so...</p>

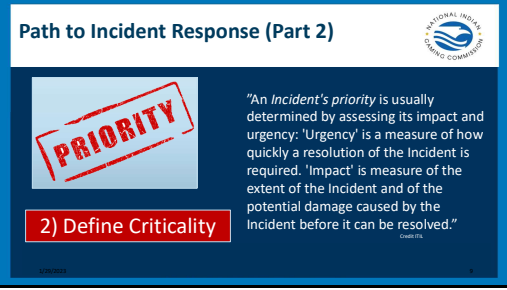

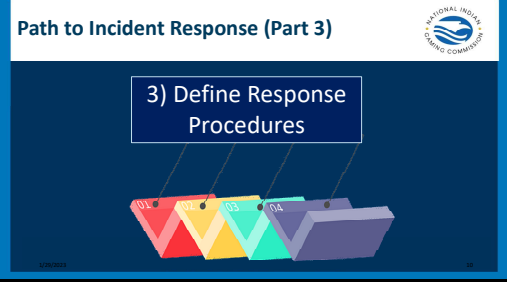

# Cyber Security Incident Response Plans Participant Guide

<p>Slide 6</p>	 <p>The slide is titled "2022 IR &amp; Cyber Insurance Recap" and features the National Indian Gaming Commission logo. It contains six sub-sections: "Incident Monitoring &amp; Reporting: Cyber-Insurance Preparedness", "Why is Cyber Insurance Useful for IG?", "Types of Coverages", "Getting CI / Application Questions", "Renewal Concerns", and "CI Restrictions/Exclusions/Etc.". Each section lists key points and resources related to cyber insurance for gaming organizations.</p>	<p><b>KEY POINTS</b></p> <p>A recap of the 2022 training on IR and Cyber Insurance:</p> <p>We covered the importance of one aspect of IR and the value of Cyber Insurance as a tool to supplement and fortify your Incident response policies and procedures and some of the tips and challenges of obtaining or renewing an insurance policy.</p>
<p>Slide 7</p>	 <p>The slide is titled "Incident Monitoring and Reporting" and features the National Indian Gaming Commission logo. It includes an illustration of a person at a computer with a speech bubble asking "What is an incident?". The text defines an incident as "Any event that is not part of the standard operation of a service and that causes, or may cause, an interruption to, or a reduction in, the quality of that service." The credit "Credit: ISACA" is noted at the bottom.</p>	<p><b>KEY POINTS</b></p> <ul style="list-style-type: none"> <li>• A very broad definition of what is an incident - ISACA's definition of Incident.</li> <li>• Additional resources for official strategies:             <ul style="list-style-type: none"> <li>• NIST Special Publication 800-61-r2</li> <li>• NIST Special Publication 800-184</li> <li>• ISACA Incident Management and Response</li> <li>• ITIL Service Operation</li> <li>• ITIL IM</li> <li>• ISO 20000-1</li> </ul> </li> </ul>

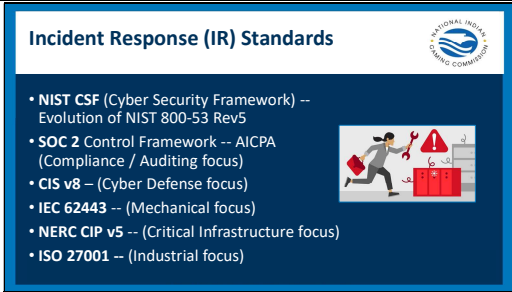

# Cyber Security Incident Response Plans Participant Guide

<p>Slide 8</p>	<p><b>Path to Incident Response (Part 1)</b></p>  <p><b>Incident response plan</b> The operational component of incident management. Including <b>documented procedures</b> and guidelines for <b>defining the criticality of incidents</b>, reporting and escalation process, and recovery procedures. <small>Credit ISACA</small></p> <p>1) Define types of Incidents</p>	<p><b>KEY POINTS</b></p> <ul style="list-style-type: none"><li>• ISACA's definition of <b>Incident response plan</b></li><li>• An incident Response Plan is the operational component of incident management.</li><li>• The plan includes documented procedures and guidelines for defining the criticality of incidents, reporting and escalation process, and recovery procedures.</li></ul> <p><b><u>Possible IT Incident categories:</u></b></p> <ul style="list-style-type: none"><li>• Multiple Player Card failures<ul style="list-style-type: none"><li>• Unauthorized access to CHRI</li></ul></li><li>• Public facing website down<ul style="list-style-type: none"><li>• IDF switch outage</li></ul></li><li>• Floor switch outage<ul style="list-style-type: none"><li>• Outage in virtual server environment</li></ul></li><li>• Power outage that results in system failure</li><li>• Hardware cooling outage<ul style="list-style-type: none"><li>• Portion of any gaming floor outage</li></ul></li><li>• POS outage<ul style="list-style-type: none"><li>• Kiosk / ATM outage</li></ul></li><li>• Check / Cash Advance outage<ul style="list-style-type: none"><li>• Phone outages</li></ul></li><li>• Radio outage<ul style="list-style-type: none"><li>• Surveillance infrastructure outage</li></ul></li><li>• Any additional item at <i>discretion</i> of IT/GC/Operations management</li></ul>
----------------	--	--

# Cyber Security Incident Response Plans Participant Guide

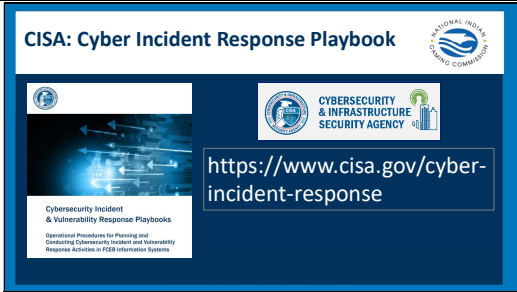

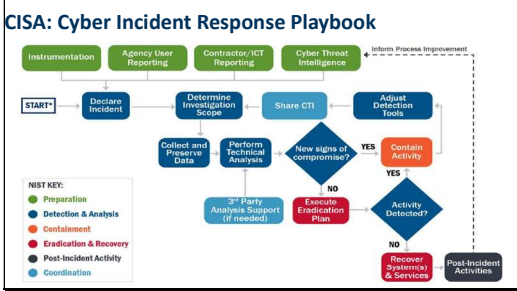

<p>Slide 9</p>		<p><b>KEY POINTS</b></p> <ul style="list-style-type: none"> <li>To cover incidents with the correct resources we need to define how critical the incident is.</li> <li>The ITIL's ( <b>Information Technology Infrastructure Library</b>) definition of Incident's Priority. ITIL looks at Urgency, Urgency can be defined within the SICS and SOPs, or if allowed by the SICS at the discretion of IT Management.</li> </ul> <p>In summary: What is the Priority and who is provides the initial support?  <b>NOTE:</b> Remember 543.20(a)(1) Supervision</p>
<p>Slide 10</p>		<p><b>KEY POINTS</b></p> <ul style="list-style-type: none"> <li>Another important step in the Incident Response process is defining the appropriate procedures for each type of incident.</li> </ul> <p><b>While IT staff may know how to respond to various incidents, those response procedures are frequently lacking or nonexistent.</b></p> <p>In summary</p> <ul style="list-style-type: none"> <li>How do you respond? – Answer depends on the kind of issue</li> <li>Who is involved? – Depends on the criticality and affected teams</li> <li>Resolution and Record keeping</li> <li>Ownership, monitoring, tracking, customer communication</li> <li>Incident closure</li> </ul>

# Cyber Security Incident Response Plans Participant Guide

		<p>Note: Best practices also deal with root cause analysis and remediation strategies, but those are typically not involved in the process at this stage.</p>
Slide 11	<div data-bbox="386 800 894 1089">  <p><b>Incident Response (IR) Standards</b></p> <ul style="list-style-type: none"> <li>• <b>NIST CSF</b> (Cyber Security Framework) -- Evolution of NIST 800-53 Rev5</li> <li>• <b>SOC 2</b> Control Framework -- AICPA (Compliance / Auditing focus)</li> <li>• <b>CIS v8</b> -- (Cyber Defense focus)</li> <li>• <b>IEC 62443</b> -- (Mechanical focus)</li> <li>• <b>NERC CIP v5</b> -- (Critical Infrastructure focus)</li> <li>• <b>ISO 27001</b> -- (Industrial focus)</li> </ul> </div>	<p><b>KEY POINTS</b></p> <p>We have to implement IR P&amp;P, but do not have to start from scratch. Many effective standards exist. Such as IT / IR standards and frameworks.</p> <ul style="list-style-type: none"> <li>- NIST – National Institute of Standards and Technology - CSF used extensively, advised by CISA (circa 2021)</li> <li>- SOC 2 -- System and Organization Controls: (AICPA) American Institute of Certified Professional Accountants - (Auditing Focused) (circa 2020)</li> <li>- CIS v8 – Center for Internet Security Critical Security Controls for Effective Cyber Defense - SANS Institute / Council on Cyber Security (CCS) – (circa 2021)</li> <li>- IEC 62443 – ISAC - International Society of Automation Cybersecurity Standard (circa 2009-2020)</li> <li>- NERC CIP v5 - North American Electric Reliability Corp - Critical</li> </ul>

# Cyber Security Incident Response Plans Participant Guide

Slide 28

## Post Incident Activities – Scenario 4 - Checklist

Step	Incident Response Procedure	Action Taken
<b>Post-Incident Activities</b>		
10. Post-Incident Activities	Document the incident, inform agency leadership, harden the environment to prevent similar incidents, and apply lessons learned to improve the handling of future incidents.	
<b>Adjust Sensors, Alerts, and Log Collection</b>		
10a.	Add enterprise-wide detections to mitigate against adversary TTPs that were successfully executed.	
10b.	Identify and address operational "blind spots" to adequate coverage moving forward.	
10c.	Continue to monitor the agency environment for evidence of persistent presence.	

- Divide into groups
- Designate a writer and a speaker
- List ways to adjust Monitoring practices (aka. "blind spots") from this scenario or others.

## KEY POINTS

### •Adjust Sensors, Alerts, and Log Collection

### •Finalize Reports

### •Perform Hotwash -Ensuring root-cause has been eliminated or mitigated.

#### > Identifying infrastructure problems to address.

> Identifying organizational policy and procedural problems to address.

> Reviewing and updating roles, responsibilities, interfaces, and authority to ensure clarity.

> Identifying technical or operational training needs.

> Improving tools required to perform protection, detection, analysis, or response actions.

TTP = Tactics, techniques, Procedures (aka. P&P)

Discuss and list possible monitoring blind spots from this scenario or others.

# Cyber Security Incident Response Plans Participant Guide

Slide 29	<p><b>Post Incident Activities – Scenario 4 – Checklist (Continued)</b></p> <p>Write example IR control (P&amp;P)</p> <p>Example: "After the event is resolved, operations/IT will provide a root-cause analysis report to TGRA within X days."</p> <table border="1"> <thead> <tr> <th>Step</th> <th>Incident Response Procedure</th> <th>Action Taken</th> </tr> </thead> <tbody> <tr> <td colspan="3"><b>Finalize Reports</b></td> </tr> <tr> <td>10a.</td> <td>Provide post-incident updates as required by law and policy.</td> <td></td> </tr> <tr> <td>10b.</td> <td>Prepare post-incident report. **NIGC National Training Conference Evaluation**  
**Course Name: Cybersecurity Incident Response Plans**

*NIGC greatly appreciates your feedback to aid in our Training offerings.*

<i>When filling out the evaluation, please use the ranking scale of 1-5 as noted.</i>	<b>1 Extremely Dissatisfied</b>	<b>2 Dissatisfied</b>	<b>3 Neutral</b>	<b>4 Satisfied</b>	<b>5 Extremely Satisfied</b>
<b>Did the training meet your expectations?</b>					
<b>Presentation materials were useful/effective. (i.e., PowerPoint, videos, handouts, etc.)</b>					
<b>Presentations and materials are clear.</b>					
<b>Overall I would rate the presentations:</b>					
<b>Was the presenter(s) knowledgeable in the subject matter?</b>					
<b>Overall, I would rate the presenter(s):</b>					

**Please provide additional details relevant to your scores above.**

**How do you feel NIGC can improve for future trainings?**

**Please list any recommendations for future training topics.**

This image shows a single sheet of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper has a slight shadow on the right side, suggesting it's resting on a surface.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

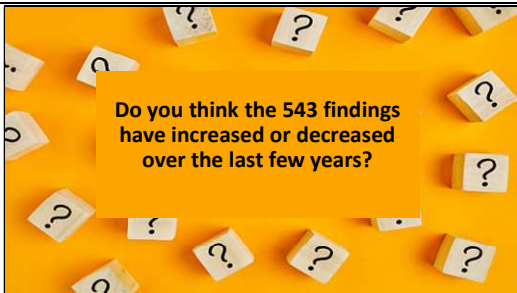

# Top 10 Audit Findings Participant Guide

# Top 10 Audit Findings Participant Guide

Slide 1		<b>Key Points</b> Welcome to Top 10 Audit Findings.
Slide 2		<b>Key Points</b> <ul style="list-style-type: none"><li>• Understanding the common exceptions.</li><li>• Determine the Intent of the standard.</li><li>• Once Intent is determined, establish the control to ensure regulatory compliance.</li></ul>
Slide 3		

# Top 10 Audit Findings Participant Guide

Slide 4

## Key Points

This line graph provides a better look at the decrease from FY 2017 to 2021 based on AUP data.

Slide 5

Slide 6

## Key Points

- This chart shows the areas with the top national findings for all regions. It is listed in descending order by the number of 543 findings noted in 2021.
- Because of this data, we have been providing trainings for Auditing Revenue, Bingo, and Internal Audit over the last few years. We hope our efforts in providing those specific trainings help reduce the number of findings and the operations

# Top 10 Audit Findings Participant Guide

reach compliance with those standards.

Slide 7

AUP Data for 2021									
Section	Oklahoma City	Phoenix	Portland	Rapid City	Sacramento	St. Paul	Tulsa	Washington DC	Grand Total
Information Technology	122	4	65	38	93	84	66	69	541
Bingo	72	22	54	42	147	45	50	71	503
Auditing Revenue	112	27	67	34	64	80	32	32	448
Drop and Count	55	4	19	29	46	33	17	21	224
Internal Audit	20	21	19	36	6	47	2	28	179
Cage	42	9	19	14	35	16	19	23	177
Accounting	38	13	33	32	5	12	3	5	141
Surveillance	28	2	18	34	12	32	3	7	136
Comp's	27	3	14	1	44	28	3	15	135
Gaming Promo's	7		6	17	16	11	33	3	93

Key Points

This information breaks down the FY2021 AUP data by section and region.

The section with the most AUP findings for the region for FY2021 is in red text.

Slide 8

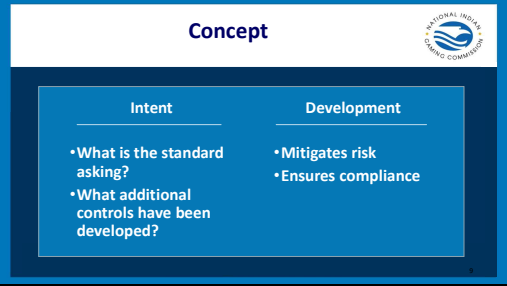

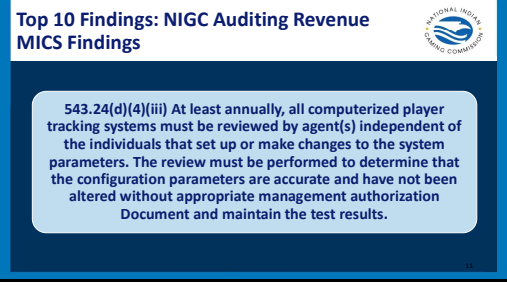

Area	Total AUP findings
Information Technology	541
Bingo	503
Auditing Revenue	448
Drop and Count	224
Internal Audit	179
Cage	177
Accounting	141
Surveillance	136
Comps	135
Gaming Promos	93

Key Points

How do we come up with the data?

The NIGC Audit Group compiles yearly Gross Gaming Revenues from submitted annual audited financial statements, performs analysis of the financial statements and Agreed Upon Procedures (AUP) reports for assessment of technical assistance, all to ensure regulatory compliance, gaming integrity and that tribes are the primary beneficiaries of their gaming revenues.

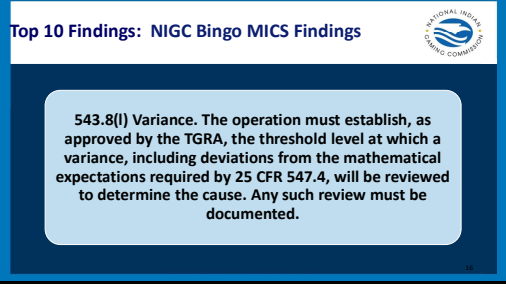

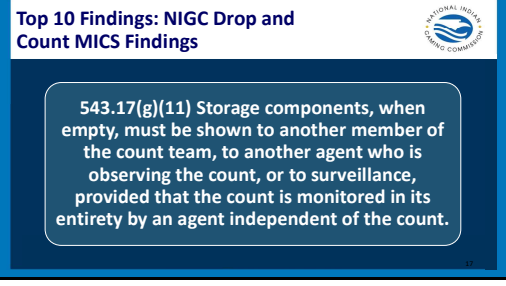

# Top 10 Audit Findings Participant Guide

Slide 9		<p><b>Key Points</b></p> <p>Controls can basically have three functions:</p> <ul style="list-style-type: none"> <li>Prevent something undesired from happening</li> <li>Detect when something undesired happened</li> <li>Corrective Action that should be taken in the event that something undesired happened</li> </ul> <p>Standards should be written in a way that help ensure the intent is met.</p>
Slide 10		<p><b>Key Points</b></p> <p>A top finding for Auditing Revenue is NIGC MICS 543.24(d)(4)(ii)(C) Gaming promotions and player tracking.</p>
Slide 11		<p><b>Key Points</b></p> <p>Another top finding for Revenue Audit is NIGC MICS 543.24(d)(4)(iii).</p>

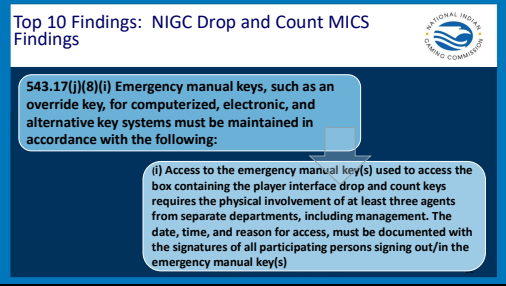

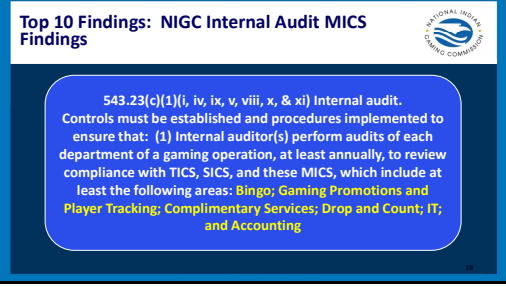

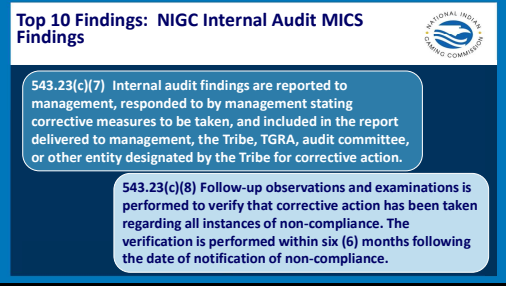

# Top 10 Audit Findings Participant Guide

Slide 12	<p><b>Top 10 Findings: NIGC Auditing Revenue MICS Findings</b></p>  <p>543.24(d)(8)(i) At least quarterly, unannounced currency counter and currency counter interface (if applicable) tests must be performed, and the test results documented and maintained. All denominations of currency and all types of cash out tickets counted by the currency counter must be tested. This test may be performed by internal audit or the TGRA. The result of these tests must be documented and signed by the agent(s) performing the test</p>	<p><b>Key Points</b></p> <p>This is a top and recurring finding for Revenue Audit NIGC MICS 543.24(d)(8)(i).</p>
Slide 13	<p><b>Top 10 Findings: NIGC Auditing Revenue MICS Findings</b></p>  <p>543.24(d)(8)(iv) At least quarterly, an inventory of all controlled keys must be performed and reconciled to records of keys made, issued, and destroyed. Investigations must be performed for all keys unaccounted for, and the investigation documented.</p>	<p><b>Key Points</b></p> <p>Another top and common finding for Revenue Audit is NIGC MICS 543.24(d)(8)(iv)</p>
Slide 14	<p><b>Top 10 Findings: NIGC Bingo MICS Findings</b></p>  <p>543.8(f) Cash and cash equivalent controls</p> <p>(1) Cash or cash equivalents exchanged between two persons must be counted independently by at least two agents and reconciled to the recorded amounts at the end of each shift or session. Unexplained variances must be documented and maintained. Unverified transfers of cash or cash equivalents are prohibited.</p>	<p><b>Key Points</b></p> <p>Bingo has some common and top findings included in our list. Here is one of the top bingo findings: NIGC MICS 543.8(f) Cash and cash equivalent controls.</p>

# Top 10 Audit Findings Participant Guide

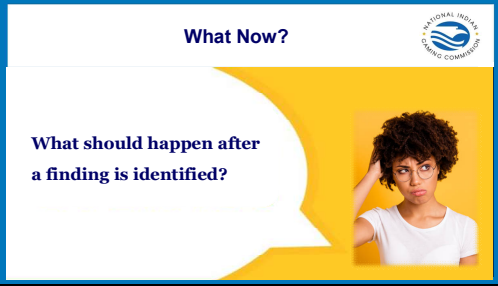

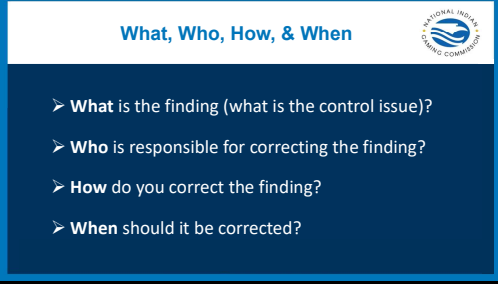

Slide 15		<b>Key Points</b> Another top finding for Bingo is NIGC MICS 543.8(g)(5) Installation testing.
Slide 16		<b>Key Points</b> This standard continues year after year to be a recurring finding for Bingo: NIGC MICS 543.8(l) Variance.
Slide 17		<b>Key Points</b> Let's look at Drop and Count Top Findings by starting with NIGC MICS 543.17(g)(11)

# Top 10 Audit Findings Participant Guide

Slide 18		<b>Key Points</b> This is a recurring top finding for the Drop and Count area: NIGC MICS 543.17(j)(8)(i)
Slide 19		<b>Key Points</b> Internal Audits are critical to provide assurance of an organizations risk management, compliance, and internal control effectiveness. This area is a top finding as it is critical for an organization to have in place to determine the overall effectiveness.
Slide 20		<b>Key Points</b> This part of 543.23 (c) is a common recurring finding for Internal Audit.

# Top 10 Audit Findings Participant Guide

Slide 21		<b>Key Points</b> What should happen after a finding is identified?
Slide 22		<b>Key Points</b> <b>What</b> – what is the finding <b>Who</b> – who is responsible <b>How</b> – who will it be corrected <b>When</b> – when should it be completed
Slide 23		<b>Key Points</b> Understanding the cause of the finding will always help address the issue and help with writing the corrective action plan.

# Top 10 Audit Findings Participant Guide

# Intent and Testing: Bingo Toolkit Participant Guide

Slide 1		
Slide 2		<p><b>Key Points:</b></p> <p>By the end of this course, participants will be able to:</p> <ul style="list-style-type: none"> <li>• Locate and use the 543.8 Bingo Toolkit</li> <li>• Name four bingo standards common to AUP findings</li> </ul>
Slide 3		<p><b>Key Points:</b></p> <p>The 543.8 Bingo Toolkit can be found on the NIGC webpage</p> <p>Direct link:  <a href="https://www.nigc.gov/images/uploads/training/Bingo_Flipbook_Rev12_6.pdf">https://www.nigc.gov/images/uploads/training/Bingo_Flipbook_Rev12_6.pdf</a> </p>

## Intent and Testing: Bingo Toolkit Participant Guide

## Slide 4

What does it look like?		
Citation	Language	Intent and Testing
§ 543.8 (a-b)		
543.8(a)	Supervision. Supervision must be provided as needed for bingo operations by an agent(s) with authority equal to or greater than those being supervised.	<p><b>Intent:</b> To ensure that appropriate supervision is provided during manual and electronic bingo operations. (Best practices would dictate that supervision should be by someone with authority greater than those being supervised).</p> <p><b>Testing:</b> 1. Interview appropriate personnel to determine who has supervision responsibility for both manual and Class II electronic bingo machines (e.g., Bingo Management, Bingo Supervisor, Bingo Floor Clerk, etc.) 2. Review TICS and/or SICS to determine procedures implemented (e.g., designation of supervisory and non-supervisory agents, reporting responsibilities, etc.) 3. Identify and document titles of supervisory personnel (e.g., Bingo Manager, Bingo Floor Supervisor, etc.) 3. Observe live bingo operations to ensure that supervision requirement are being met. 5. Review Bingo organizational chart for both manual and Class II electronic bingo machines to determine or verify supervision responsibility.</p> <p><b>Intent:</b> To ensure proper accounting of the manual bingo card inventory at all times and that bingo cards have not been marked, altered, or otherwise manipulated.</p>
543.8(b)(1) (i)-(iv)	Bingo cards. (i) Physical bingo card inventory controls must address the placement of orders, receipt, storage, issuance, removal, and disposal.	

## Key Points:

- Example of a page from the Toolkit.

## Slide 5

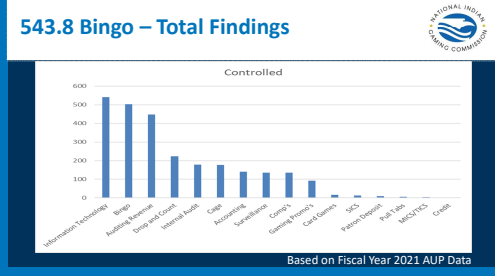

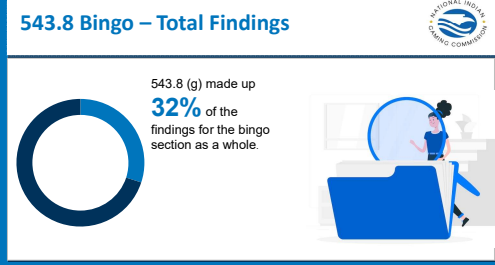

Toolkit layout:	
<b>Standard:</b>	States the requirement for the specific section
<b>Intent:</b>	Provide the goal of the standard
<b>Testing:</b>	Steps to assist in auditing and developing controls

## Key Points:

The toolkit layout lists the:

- Standard – the requirement as stated in Part 543 Minimum Internal Control Standards
- Intent – the goal of the standard
- Testing – steps listed to assist with the auditing process or with developing Tribal Internal Control Standards (TICS) or operational System of Internal Control Standards (SICS)

# Intent and Testing: Bingo Toolkit Participant Guide

Slide 6	 <p><b>543.8 Bingo – Total Findings</b></p> <p>Controlled</p> <p>Based on Fiscal Year 2021 AUP Data</p>	<p><b>Key Points:</b></p> <p>543.8 Bingo had 503 findings identified nationally. It is the second largest areas with the most findings. However, keep in mind bingo is one of the larger sections within the MICS. The largest section within 543.8 Bingo with the most findings was 543.8(g) Technologic aids to the play of bingo.</p>
Slide 7	 <p><b>543.8 Bingo – Total Findings</b></p> <p>543.8 (g) made up <b>32%</b> of the findings for the bingo section as a whole.</p>	
Slide 8	 <p><b>Standard – 543.8(e)(5)</b></p> <p>Authorization and Signatures</p>	<p><b>Key Points:</b></p> <p>Find the standard 543.8(e)(5) in your Bingo Toolkit</p> <p><b>Common Finding</b></p> <p><b>543.8(e)(5) Authorization and Signatures.</b></p> <ul style="list-style-type: none"> <li>At least two agents must authorize, sign, and witness all manual prize payouts above \$1,200, or a lower threshold as authorized by management and approved by the TGRA.</li> </ul>

# Intent and Testing: Bingo Toolkit Participant Guide

---

		<ul style="list-style-type: none"><li>• Manual prize payouts above the following threshold (or a lower threshold, as authorized by management and approved by TGRA) must require one of the two signatures and verifications to be a supervisory or management employee independent of the operation of Class II Gaming System bingo: (A) \$5,000 for a Tier A facility; (B) \$10,000 at a Tier B facility; (C) \$20,000 for a Tier C facility; or (D) \$50,000 for a Tier C facility with over \$100,000,000 in gross gaming revenues.</li><li>• The predetermined thresholds, whether set at the MICS level or lower, must be authorized by management, approved by the TGRA, documented, and maintained.</li><li>• A Class II gaming system may substitute for one authorization/signature verifying, validating or authorizing a winning card, but may not substitute for a supervisory or management authorization/signature.</li></ul>

---

# Critical Thinking: Enhancing the Internal Audit Participant Guide

Slide 1		
Slide 2		<p><b>KEY POINTS</b></p> <p>You should be able to name two benefits of critical thinking for internal audit.</p>
Slide 3		<p><b>KEY POINTS</b></p> <p><b>Activity (Ice Breaker)</b></p> <p><b>Supplies:</b></p> <ul style="list-style-type: none"> <li>• Handout #1 Ice Breaker</li> <li>• Pen</li> </ul> <p><b>Directions:</b></p> <p>At your tables read through the standard and come up with questions or testing that you would complete to verify compliance.</p>

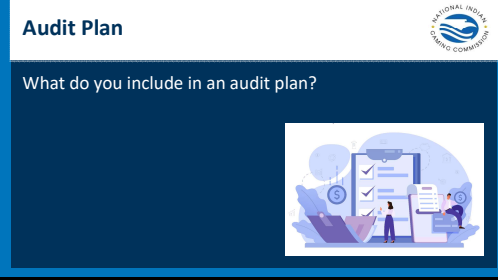

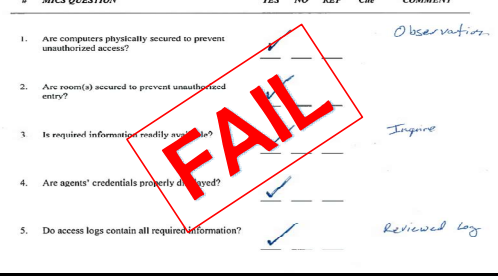

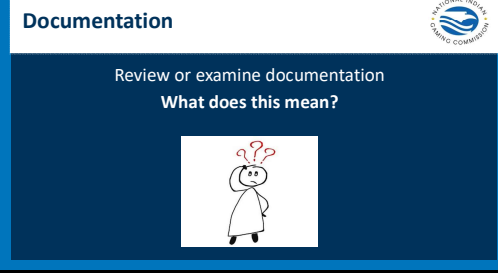

# Critical Thinking: Enhancing the Internal Audit Participant Guide

Slide 4		<b>KEY POINTS</b> How did we do?
Slide 5		<b>KEY POINTS</b> Everyone thinks; it is our nature to do so. However, much of our thinking, left to itself, is biased, distorted, partial, uninformed or downright prejudiced. Yet the quality of our life and that of what we produce, make, or build depends precisely on the quality of our thought. Shoddy thinking is costly, both in money and in quality of life. Excellence in thought, however, must be systematically cultivated - <a href="https://www.criticalthinking.org/">https://www.criticalthinking.org/</a>

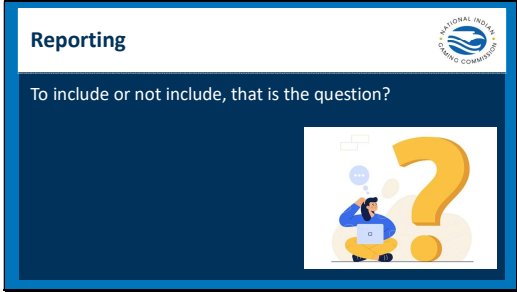

# Critical Thinking: Enhancing the Internal Audit Participant Guide

Slide 6		<b>KEY POINTS</b> Benefits of critical thinking: <ul style="list-style-type: none"> <li>• It helps Internal Auditors successfully scope, assess and report on risk</li> <li>• Improves decision-making by Internal Auditors that can result in better organizational performance</li> </ul>
Slide 7		<b>KEY POINTS</b> <u>(1) Internal auditor(s) perform audits of each department of a gaming operation, at least annually, to review compliance with TICS, SICS, and these MICS, which include at least the following areas:</u>
Slide 8		<b>KEY POINTS</b> Break

# Critical Thinking: Enhancing the Internal Audit Participant Guide

Slide 9		<b>KEY POINTS</b> (1) Internal auditor(s) perform audits of each department of a gaming operation, at least annually, to review compliance with TICS, SICS, and these MICS, which include at least the following areas:
Slide 10		<b>KEY POINTS</b> Fieldwork: Here is an example of a poorly completed checklist.
Slide 11		<b>KEY POINTS</b> (4) <u>Documentation such as checklists, programs, reports, etc. is prepared to evidence all internal audit work and follow-up performed as it relates to compliance with TICS, SICS, and these MICS, including all instances of noncompliance.</u>

# Critical Thinking: Enhancing the Internal Audit Participant Guide

Slide 12		<b>KEY POINTS</b> Critical thinking will help you determine what issues to include in the report.
Slide 13		<b>KEY POINTS</b> Let's practice what we have learned.  <b>Activity – Scenario</b> <b>Supplies:</b> <ul style="list-style-type: none"><li>• Handout #2</li><li>• Pen</li></ul> <b>Time: 15 minutes</b>  <b>Instructions:</b> Read the scenario and answer the questions on your handout. What other actions should be done to measure risk? Why?

# Critical Thinking: Enhancing the Internal Audit Participant Guide

<p>Slide 14</p>	<p><b>Reflection &amp; Questions?</b></p> <p>Name two benefits of critical thinking for Internal Audits.</p> 	<p><b>Key Points:</b></p> <p>Name two benefits of critical thinking for Internal Audit.</p> <ol style="list-style-type: none"><li>1.</li><li>2.</li></ol> <p>Thank you for attending “Critical Thinking: Enhancing Internal Audit”.</p> <p>If you have any questions or comments please send them to <a href="mailto:TRAININGINFO@nigc.gov">TRAININGINFO@nigc.gov</a></p>
-----------------	--	---

## Critical Thinking: Enhancing the Internal Audit – Handout #1

**Exercise:** You, the Internal Auditor is tasked with ensuring compliance with the below internal control standard 543.24(d)(4)(iii). When completing an audit of the Revenue Audit Department. What questions and testing should you conduct to have a successful audit? Try to think of five and write your answers in the lines below.

### Scenario:

543.24(d)(4)(iii) At least annually, all computerized player tracking systems must be reviewed by agent(s) independent of the individuals that set up or make changes to the system parameters. The review must be performed to determine that the configuration parameters are accurate and have not been altered without appropriate management authorization Document and maintain the test results.

## Critical Thinking: Enhancing the Internal Audit – Handout #2

### RELEVANT STANDARDS:

25 CFR 543.17(j) **Controlled keys.** Controls must be established, and procedures implemented to safeguard the use, access, and security of keys in accordance with the following:

- (1) Each of the following requires a separate and unique key lock or alternative secure access method:
  - (i) Drop cabinet;
  - (ii) Drop box release;
  - (iii) Drop box content; and
  - (iv) Storage racks and carts used for the drop
- (2) Access to and return of keys or equivalents must be documented with the date, time, and signature or other unique identifier of the agent accessing or returning the key(s).
  - (i) For Tier A and B operations, at least two (2) drop team agents are required to be present to access and return keys. For Tier C operations, at least three (3) drop team agents are required to be present to access and return keys.
  - (ii) For Tier A and B operations, at least two (2) count team agents are required to be present at the time count room and other count keys are issued for the count. For Tier C operations, at least three (two for card game drop box keys in operations with three tables or fewer) count team agents are required to be present at the time count room and other count keys are issued for the count.
- (3) Documentation of all keys, including duplicates, must be maintained, including:
  - (i) Unique identifier for each individual key;
  - (ii) Key storage location;
  - (iii) Number of keys made, duplicated, and destroyed; and
  - (iv) Authorization and access
- (4) Custody of all keys involved in the drop and count must be maintained by a department independent of the count and the drop agents as well as those departments being dropped and counted.
- (5) Other than the count team, no agent may have access to the drop box content keys while in possession of storage rack keys and/or release keys.
- (6) Other than the count team, only agents authorized to remove drop boxes are allowed access to drop box release keys.
- (7) Any use of keys at times other than the scheduled drop and count must be properly authorized and documented.
- (8) Emergency manual keys, such as an override key, for computerized, electronic, and alternative key systems must be maintained in accordance with the following:
  - (i) Access to the emergency manual key(s) used to access the box containing the player interface drop and count keys requires the physical involvement of at least three agents from separate departments, including management. The date, time, and reason for access, must be documented with the signatures of all participating persons signing out/in the emergency manual key(s);
  - (ii) The custody of the emergency manual keys requires the presence of two agents from separate departments from the time of their issuance until the time of their return; and
  - (iii) Routine physical maintenance that requires access to the emergency manual key(s), and does not involve accessing the player interface drop and count keys, only requires the presence of two agents from separate departments. The date, time, and reason for access must be documented with the signatures of all participating agents signing out/in the emergency manual key(s).

# Critical Thinking: Enhancing the Internal Audit – Handout #2

**Exercise:** You, the Internal Auditor, is tasked with ensuring compliance with the above internal control standards. Below is the scene.

**Scenario:**

You are given a monthly inventory sheet for the 3 months (Jan, April, July) along with sign out/in key logs for three days (test days). Upon your review of the documents, you determine the key inventory was completed with no issues. The sign in/out logs also indicate that keys were signed out/in according to procedure. The next day you are watching the drop and count process. You notice keys are signed out from an electronic key box in the cage. You continue to watch the drop process and conclude the key removal and replacement process is according to procedure.

Using our critical thinking skills: **What other actions should be done to measure risk? Why?**

1.
2.
3.
4.
5.

Agency Accountability

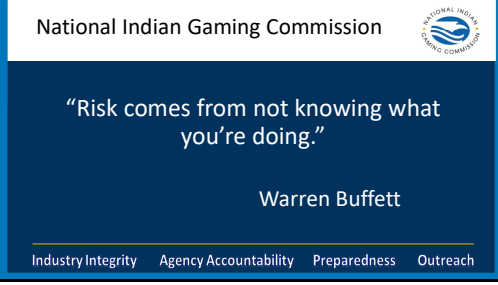

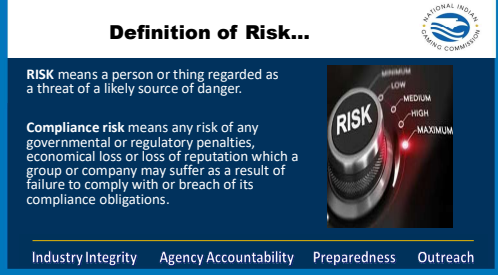

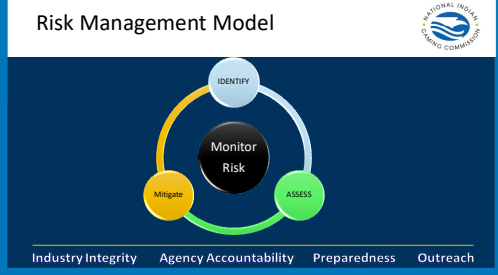

Preparedness

Outreach

# Risk Assessments Participant Guide

Slide 1	 <p>National Indian Gaming Commission</p> <p><b>Risk Assessment approach to Regulatory Monitoring</b></p> <p>Industry Integrity   Agency Accountability   Preparedness   Outreach</p>	<p><b>KEY POINTS</b></p> <p>Risk Assessments are necessary so one can understand the risk associated with a process or activity. Risk assessments can reduce the likelihood of something occurring or reoccurring.</p>
Slide 2	 <p>Objectives</p> <ul style="list-style-type: none"> <li>• Discuss Risk Assessments</li> <li>• Define Risk</li> <li>• Discuss a Risk Management Model <ul style="list-style-type: none"> <li>• Identify, Assess, Mitigate and Monitor</li> </ul> </li> <li>• Discuss a Risk Matrix</li> </ul> <p>Industry Integrity   Agency Accountability   Preparedness   Outreach</p>	
Slide 3	 <p>Discussion</p> <p><b>Risk assessments are important because they evaluate the likelihood and impact that external and internal changes can affect the organization.</b></p> <p>Industry Integrity   Agency Accountability   Preparedness   Outreach</p>	<p><b>KEY POINTS</b></p> <p>Working in groups, write out risks taken to be here today.</p>

# Risk Assessments Participant Guide

Slide 4		
Slide 5		<p><b>KEY POINTS</b></p> <p>What is your TGRA compliance risk?</p> <p><b>RISK</b> means a person or thing regarded as a threat of a likely source of danger. There are many categories of risk involved in a casino or TGRA. Let us focus Compliance Risk. This involves the government or regulatory penalties, economical loss or loss of reputation a company may suffer because of failing to comply with a breach of compliance.</p>
Slide 6		<p><b>KEY POINTS</b></p> <p>Elements of the risk model include Identify, Assess, Respond to Risk, and Monitoring Risk. Make sure the right people are involved in risk discussions and the policy is clear. Create a culture around risk management and communicate risks as they arise. Continuously monitor for risks.</p>

# Risk Assessments Participant Guide

Slide 7	<p>Identify Risk – Activity</p> 	Time for an activity.
Slide 8	<p>Poll</p> <p>How many of you have used a risk assessment tool?</p> <ul style="list-style-type: none"> <li>• SWOT Analysis</li> <li>• Flow Chart</li> <li>• Root Cause Analysis</li> <li>• No – we’re reacting to issues after they occurred</li> </ul> <p>Industry Integrity   Agency Accountability   Preparedness   Outreach</p>	
Slide 9	<p>SWOT Analysis - Activity</p>  <p>Industry Integrity   Agency Accountability   Preparedness   Outreach</p>	<p><b>KEY POINTS</b></p> <p>Your organization needs to understand... what you are good at, to understand how big a threat any risks are to your organization. Through a third party contract, you are not in 100% control of the third party, there would be high risk, and without the knowledge, it is possible the third party may begin manage. Putting your organization at risk for IGRA Violations.</p>

# Risk Assessments Participant Guide

Slide 10

Risk Matrix – Assess Activity

Risk Assessment Table

		Severity of Harm (Impact)		
		Low (L)	Medium (M)	High (H)
Likelihood	High (H)	3	4	5
	Medium (M)	2	3	4
	Low (L)	1	2	3

Industry Integrity

Agency Accountability

Preparedness

Outreach

**KEY POINTS**

A risk matrix is a visual representation of risks laid out in a diagram or a table, hence its alternate name as a risk diagram. Here, risks are divided and sorted based on their probability of happening and their effects or impact. A risk matrix is often used to help prioritize which risk to address first, what safety measures and risk mitigation plans to take, and how a certain task should be done. Risk matrices can come in any size and number of columns and rows, depending on the project and risks being discussed.

Slide 11

Mitigate Risk Activity

Industry Integrity

Agency Accountability

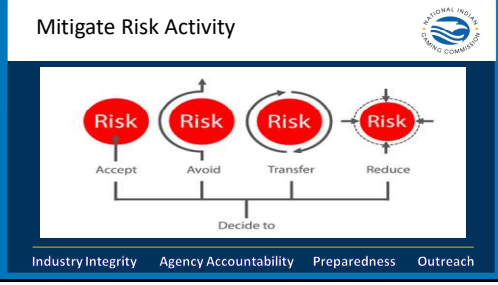

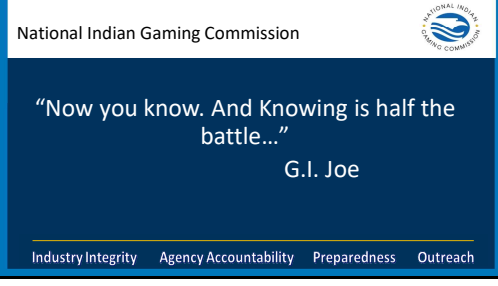

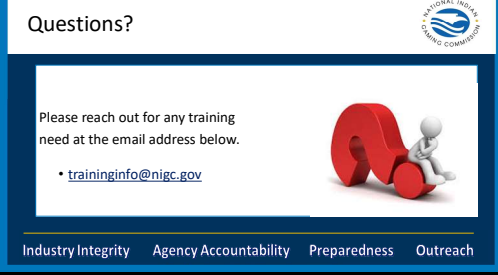

Preparedness

Outreach

**KEY POINTS**

Risk Mitigation is the practice of reducing identified risks. It is one of the four ways to treat risk: avoid, transfer, accept or mitigate. The tools or techniques you use depends on the type of risk you want to mitigate. Way to reduce include: Audits, Backups, Independence, Policies, Training, Communication, Insurance , Contingency plans, Equipment, Due Diligence and Training

# Risk Assessments Participant Guide

Slide 12		<b>KEY POINTS</b> Will we accept it? Will we avoid it by not implementing? Will we transfer it to another party or third party? Will we reduce it enough and are happy with the controls we added?
Slide 13		
Slide 14		

## Identifying Risk - Group Exercise

---

**Scenario:** The TGRA receives information that the Gaming Operation plans to implement Cashless Wagering, using a third-party vendor. This is new to the gaming operation. Taking the time to understand what risks and potential threats are associated with implementing a new process is an important step in assessing risk.

**Directions:** Discuss with those in your group and determine a list of individuals who should be involved in assessing and then brainstorm all the possible threats that exist. Select someone to document the group's results and share the responses.

Who needs to be involved in assessing the risk?

What are the risks?

## Activity – Assess and Analyze Risk

**Scenario:** The TGRA determined the risks associated with implementing cashless wagering using a third-party vendor. The next step is to analysis your current organization. **Directions:** As a group, conduct a SWOT analysis on your gaming operation to determine risks of implementing cashless wagering, using a third-party vendor.

**Aid:** **Strengths** – what you do well: **Weakness** – where you need improvement: **Opportunities** – what changes could occur to help you: **Threats** – what changes could cause issues.

**SWOT** analysis is a framework for identifying and analyzing an organizations strengths, weakness, opportunities and threats.

<u>Strengths</u>	<u>Weakness</u>
<u>Opportunity</u>	<u>Threats</u>

### Activity: Risk assessment table

	Likelihood	Severity of Harm (Impact)		
		Low (L)	Medium (M)	High (H)
	High (H)			
	Medium (M)			
	Low (L)			

**Directions:** This stage of a risk assessment involves estimating the likely impacts of the risks your group identified in the last activity. Select one of the risks identified. Based on your assessment of the strengths and weaknesses, determine the likelihood it will occur and the severity of harm. Select someone to record the group's responses and be prepared to discuss.

1. Risk (from previous activity): \_\_\_\_\_
2. Describe the likelihood this is to occur and provide your reasoning (Ex: Highly, Moderate, very unlikely):
3. Describe the severity of impact to the organization if it were to occur and reasoning:

#### Part B: Completed when prompted: Mitigating Risk

4. Relying on your analysis above determine how to mitigate the risk to reduce its impact. (Ex: reduce, transfer, accept)

*Ultimately, every organization must define and determine how they will rate risk. Regardless of how you have rated your risk, continuous evaluating and monitoring is necessary even with little risk to determine if risks have changed.*

**NIGC National Training Conference Evaluation**  
**Course Name: Risk Assessments**

*NIGC greatly appreciates your feedback to aid in our Training offerings.*

<i>When filling out the evaluation, please use the ranking scale of 1-5 as noted.</i>	<b>1 Extremely Dissatisfied</b>	<b>2 Dissatisfied</b>	<b>3 Neutral</b>	<b>4 Satisfied</b>	<b>5 Extremely Satisfied</b>
<b>Did the training meet your expectations?</b>					
<b>Presentation materials were useful/effective. (i.e., PowerPoint, videos, handouts, etc.)</b>					
<b>Presentations and materials are clear.</b>					
<b>Overall I would rate the presentations:</b>					
<b>Was the presenter(s) knowledgeable in the subject matter?</b>					
<b>Overall, I would rate the presenter(s):</b>					

Please provide additional details relevant to your scores above.

How do you feel NIGC can improve for future trainings?

# Ethical Considerations for Regulators Participant Guide

---

National Indian Gaming Commission

**Regulatory Ethical Considerations**

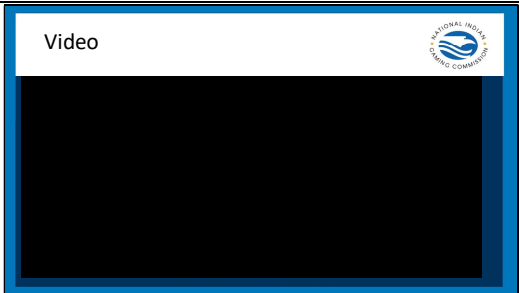

*Ethical Decision Making and Company Ethics*

Industry Integrity   Agency Accountability   Preparedness   Outreach

# Ethical Considerations for Regulators

## Participant Guide

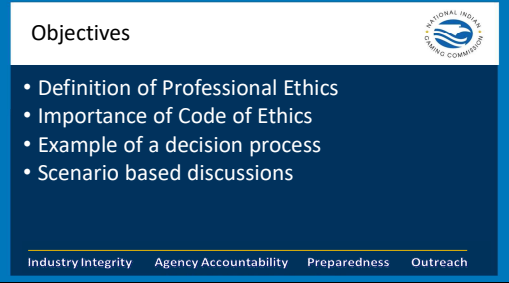

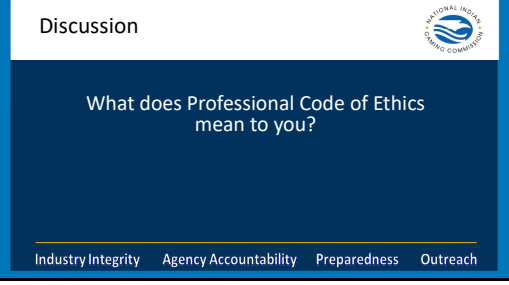

---

Slide 1		<p><b>Key Points:</b></p> <p>Personal ethics refers to <b>the ethics that a person identifies with in respect to people and situations that they deal with in everyday life.</b></p> <p>Professional ethics refers to the ethics that a person must adhere to in respect of their interactions and business dealings in their professional life.</p>
Slide 2		Video

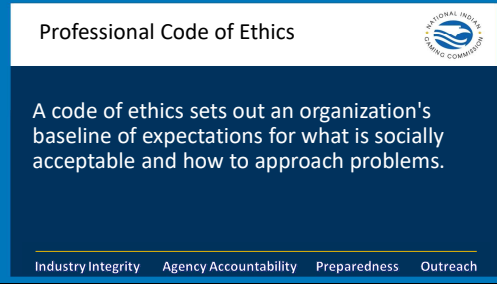

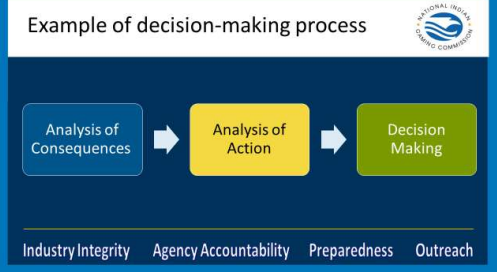

# Ethical Considerations for Regulators

## Participant Guide

Slide 3	 <p><b>Objectives</b></p> <ul style="list-style-type: none"> <li>• Definition of Professional Ethics</li> <li>• Importance of Code of Ethics</li> <li>• Example of a decision process</li> <li>• Scenario based discussions</li> </ul> <p>Industry Integrity   Agency Accountability   Preparedness   Outreach</p>	<p><b>Key Points:</b></p> <p>A professional code of ethics is designed to ensure employees are behaving in a manner that is socially acceptable and respectful of one another. It establishes the rules for behavior and sends a message to every employee that universal compliance is expected. It also provides the groundwork for a preemptive warning if employees break the code. A code of ethics can be valuable not just internally as a professional guide but also externally as a statement of a company's values and commitments.</p>
Slide 4	 <p><b>Discussion</b></p> <p>What does Professional Code of Ethics mean to you?</p> <p>Industry Integrity   Agency Accountability   Preparedness   Outreach</p>	

# Ethical Considerations for Regulators

## Participant Guide

Slide 5		<b>Key Points:</b> Professional ethics concerns ethical dilemmas or controversial issues faced by a company. Often, business ethics involve a system of practices and procedures that help build trust with the consumer. On one level, some business ethics are embedded in the law, such as minimum wages, insider trading restrictions, and environmental regulations. On another, business ethics can be influenced by management behavior, with wide-ranging effects across the company.

# Criminal History Record Information (CHRI) and Compliance with 25 CFR Part 558.3(e)

---

Slide 1

National Indian Gaming Commission

NIGC CJIS Audit Unit

❖

CHRI and Part 558.3 (e)

Industry Integrity   Agency Accountability   Preparedness   Outreach

## PARTICIPANT GUIDE

Chairman Simermeyer promotes four emphasis areas in the Agency's work. This training reinforces these four emphasis areas and the agency's commitment to the Indian gaming industry and Indian Country.

The NIGC Criminal Justice Information Services (CJIS) Audit Unit (CAU) is responsible for the implementation of the NIGC's external and internal compliance strategies to achieve and demonstrate compliance with the Memorandum of Understanding (MOU) between the Federal Bureau of Investigation (FBI) and NIGC concerning Noncriminal Justice Fingerprint Submissions. CAU audit staff deliver trainings, technical assistance and conduct selective audits / investigations of those tribes with an executed, suspended, or terminated MOU with the NIGC regarding CHRI.

Slide 2

National Indian Gaming Commission

➤ Is this CHRI?

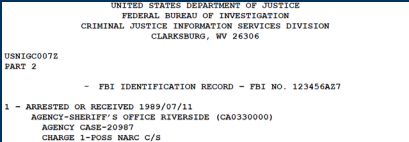

Industry Integrity   Agency Accountability   Preparedness   Outreach

## PARTICIPANT GUIDE

There are two fingerprinting processes to obtain CHRI results through the NIGC—electronic fingerprint and hard card fingerprint submissions. Tribes submit fingerprint *images* and receive Criminal History Record Information (CHRI).

Slide 3

National Indian Gaming Commission

Industry Integrity   Agency Accountability   Preparedness   Outreach

## PARTICIPANT GUIDE

This is Criminal History Record Information (CHRI).

CHRI means information collected by criminal justice agencies about individuals, consisting of identifiable descriptions and notations of arrests, detentions, indictments, or other formal criminal charges, and any disposition arising therefrom, including acquittal, sentencing, correctional supervision, and release. CHRI also includes information that is transferred or reproduced directly from CHRI or information that confirms the existence or nonexistence of CHRI. CHRI includes any media that contains it, such as: Letters, emails, documents, notes, conversations – in person or via phone/text, and spreadsheets or tables. Examples of CHRI potentially include: notice of results (NORs), investigative reports (IRs), licensing objection letters, and other summaries of CHRI. Updating the NOR to remove the FBI CHRI results can help eliminate summary CHRI.

Slide 4

National Indian Gaming Commission

Is CHRI required to comply with Part 558.3 (e)?

Industry Integrity   Agency Accountability   Preparedness   Outreach

## PARTICIPANT GUIDE

Is CHRI required to be maintained to comply with Part 558.3(e)? What do you need to know about the CJIS Security Policy 4.2.4?

### CJIS Security Policy (CJISSECPOL) Section 4.2.4, Storage

When CHRI is stored, agencies shall establish appropriate administrative, technical and physical safeguards to ensure the security and confidentiality of the information. These records shall be stored for extended periods only when they are key elements for the integrity and/or utility of case files and/or criminal record files. See Section 5.9 for physical security controls.

## BULLETIN

---

**No. 2022-3**

**June 3, 2022**

**Subject: Criminal History Record Information (CHRI) Retention**

The NIGC processes fingerprints submitted by tribes for background investigations of primary management officials (PMO) and key employees (KE). Prior to issuing a gaming license to a PMO or KE, a tribe is required to perform a fingerprint check through the FBI<sup>1</sup> records system as part of the background investigation on each applicant. The criminal history record information CHRI<sup>2</sup> obtained as a result of the check assists the tribe in determining the applicant's eligibility for employment.

This bulletin addresses FBI CHRI retention obligations and how these obligations may intersect with the National Indian Gaming Commission (NIGC) regulatory mandates for retaining primary management official and key employee licensing applications, eligibility determinations, and investigation reports.

### **I. CHRI & CHRI Dissemination**

Initially, it is important to understand the functions and purpose of the CHRI. CHRI comprises “information collected by criminal justice agencies on individuals consisting of identifiable descriptions and notations of arrests, detentions, indictments, information[ ], or other formal criminal charges, and any disposition arising therefrom, including acquittal, sentencing, correctional supervision, and release. The term does not include identification information such as fingerprint records if such information does not indicate the individual’s involvement with the criminal justice system.”<sup>3</sup> CHRI is also information that is transferred or reproduced directly from CHRI or information that confirms the existence or nonexistence of CHRI.<sup>4</sup> CHRI includes

---

<sup>1</sup> Federal Bureau of Investigation.

<sup>2</sup> Criminal History Record Information.

<sup>3</sup> 28 C.F.R. § 20.3.

<sup>4</sup> See Next Generation Identification Audit, Noncriminal Justice Access to Criminal History Record Information, Policy Reference Guide (hereinafter NGI) at 1 (Apr. 6, 2020).

any media that contains CHRI, such as: letters, emails, documents, notes, conversations—in person or via phone/text, and spreadsheets or tables.<sup>5</sup>

In order to assist, TGRAs<sup>6</sup> determine the eligibility of applicants for key employee (KE) or primary management official (PMO) positions in their gaming operation(s), the NIGC obtains CHRI from the FBI on these applicants and disseminates it to the TGRAs. The NIGC provides this assistance pursuant to a joint MOU<sup>7</sup> between the agency and TGRAs, which memorializes the parties' understandings and responsibilities regarding the submission of noncriminal justice fingerprints and the transmittal, receipt, storage, use, and dissemination of CJ<sup>8</sup> and CHRI. As noted, this bulletin's focus is retention of CHRI after its proper use.

## **II. CHRI Retention Obligations**

### *A. CHRI retention*

So how long must TGRAs retain CHRI? CHRI may be destroyed as soon as practicable by TGRAs—potentially at the conclusion of a licensing appeal process or the CHRI audit process (whichever comes later), in accordance with the TGRA's media sanitization and destruction policy. The FBI CJIS Security Policy instructs that CHRI “records shall be stored for extended periods only when they are key elements for the integrity and/or utility of case files and/or criminal records.”<sup>9</sup> Further, the policy indicates that “[p]hysical media shall be securely disposed of when no longer required . . . .”<sup>10</sup>

### *B. CHRI & NIGC regulatory retention requirements*

#### *i. Investigation reports & sanitizing CHRI*

NIGC regulations do not require that CHRI itself be retained,<sup>11</sup> just summary CHRI *if* it is transferred into an investigation report.<sup>12</sup> Specifically, NIGC regulations, Sections 556.6 (b)(2)(iii)(C) and (D) require that an investigation report include “every known criminal charge . . .” and “every felony . . . .” So TGRAs may put summary CHRI in an investigation report. Under NIGC regulations, an investigation report must be retained by a TGRA for three (3) years from the date of the primary management official (PMO) or key employee's (KE) employment termination date.<sup>13</sup>

---

<sup>5</sup> *Id.*

<sup>6</sup> Tribal Gaming Regulatory Agencies.

<sup>7</sup> Memorandum of Understanding.

<sup>8</sup> Criminal Justice Information is the term used for the FBI Criminal Justice Information Services (CJIS) provided data necessary for law enforcement and civil agencies to perform their missions including, but not limited to biometric, identity history, biographic, property, and case/incident history data.

<sup>9</sup> See CJIS Security Policy, Section 4.2.4.

<sup>10</sup> *Id.* at Section 5.8.4.

<sup>11</sup> See 25 C.F.R. parts 556 and 558.

<sup>12</sup> See 25 C.F.R. §§ 556.6 (a) & (b)(2)(iii)(C) and (D); 558.3(e).

<sup>13</sup> 25 C.F.R. § 558.3(e).

But TGRAs may avoid putting summary CHRI in investigation reports—and maintaining CHRI for a significant period of time with its required protections<sup>14</sup>—by sanitizing the CHRI. To sanitize CHRI, TGRAs use it as a lead to reach out to source record-owners, such as local courts or state criminal history record repositories, and obtain the original criminal history<sup>15</sup>. Importantly, both the process used to acquire the source record information and the resulting original criminal history information must not directly reference or be attributed to the national FBI check. This is because information is considered CHRI if it confirms the existence or nonexistence of CHRI.

*ii. Licensing applications & eligibility determinations*

The other documents that NIGC regulations direct be held for three years after a KE or PMO's termination do not necessitate the inclusion of CHRI or a summary of it.<sup>16</sup> Applications for KE and PMO licensing explicitly contain only information *from* the applicant.<sup>17</sup> NIGC regulations require that “[a] tribe shall request from each primary management official and from each key employee [certain] information . . . ,” including felony, misdemeanor, and criminal charges.<sup>18</sup> Such information is not CHRI though, because it is not from a criminal justice agency.<sup>19</sup> And fingerprints given as part of that application also are not CHRI.<sup>20</sup>

Eligibility determinations simply require that the TGRA review a person's criminal record and determine if they are suitable.<sup>21</sup> So eligibility determinations should not include CHRI or a summary of it. Of course TGRAs need to be careful not to summarize, reproduce, or confirm the existence or nonexistence of CHRI in eligibility determinations, as that constitutes summary CHRI.<sup>22</sup> If TGRAs do include CHRI in the eligibility determination, then it must be maintained for three (3) years from the date of the PMO or KE's employment termination.

*iii. Abbreviated background investigations*

Finally, CHRI results also may be destroyed as soon as practicable when TGRAs implement an abbreviated background investigation process. This occurs when after the

---

<sup>14</sup> See CJIS Security Policy, Sections 4 and 5; see also NIGC Bulletin No. 2020-2, *Fingerprint processing — applicant Privacy Act rights and protecting CHRI* at 3-4 (Feb. 18, 2020), [https://www.nigc.gov/images/uploads/bulletins/Bulletin - Privacy Act rights protecting CHRI - FINAL FINAL.pdf](https://www.nigc.gov/images/uploads/bulletins/Bulletin_-_Privacy_Act_rights_protecting_CHRI_-_FINAL_FINAL.pdf)

<sup>15</sup> Or, in other words, source record information.

<sup>16</sup> See 25 C.F.R. § 558.3(e).

<sup>17</sup> See 25 C.F.R. § 556.6(a) (“the tribe shall maintain a complete application file containing the information listed under 556.4(a)(1) through (14)”).

<sup>18</sup> See 25 C.F.R. § 556.4(a).

<sup>19</sup> See 28 C.F.R. § 20.3(g)(2).

<sup>20</sup> See National Identity Services Audit Noncriminal Justice Access to CHRI, Policy Reference Guide at 1 (07/22/2019) (CHRI “does not include identification information such as fingerprint records if such information does not indicate the individual’s involvement in the criminal justice system.”).

<sup>21</sup> See 25 C.F.R. § 556.5.

<sup>22</sup> See National Identity Services Audit Noncriminal Justice Access to CHRI, Policy Reference Guide at 1 (07/22/2019) (“Information is considered CHRI if it is transferred or reproduced directly from CHRI received as a result of a national FBI Check . . . . Information is considered CHRI if it confirms the existence or nonexistence of CHRI.”).

submission of a completed application, CHRI is requested, evaluated, and then used to ask the applicant to withdraw their application. In those cases, TGRAs do not prepare an investigation report, make an eligibility determination, or create and submit a Notice of Results (NOR). Consequently, summary CHRI is not contained in any of those documents and may be destroyed upon the application's withdrawal, in accordance with the TGRA's media sanitization and destruction policy.

### **III. Conclusion**

In sum, NIGC regulations do not require that CHRI results themselves be retained, and such results may be destroyed as soon as practicable by a TGRA. Also, TGRAs must be careful to sanitize CHRI for purposes of investigation reports and avoid including summary CHRI or confirming its existence or nonexistence in eligibility determinations. Doing so ensures that CHRI is not subject to the NIGC regulatory retention requirements for investigation reports and eligibility determinations.

Should you have any questions regarding the information covered in this bulletin, please contact a [NIGC Region Office](#) or the CJIS Audit Unit at [cau@nigc.gov](mailto:cau@nigc.gov).

Slide 6

## Key Points

### The Indian Gaming Regulatory Act's (IGRA) History

IGRA (25 U.S.C. §§ 2701 – 2721) was enacted in 1988 in the wake of *Cabazon*

- maintains Tribes as primary regulators
- Established the regulatory role of the National Indian Gaming Commission (NIGC) for Class II gaming (States regulate Class III) The tribal/state compact defines who regulates class III, it could be State, Tribe or both.
- Established the legal framework Tribes' are required to comply with in regards to gaming on tribal lands.

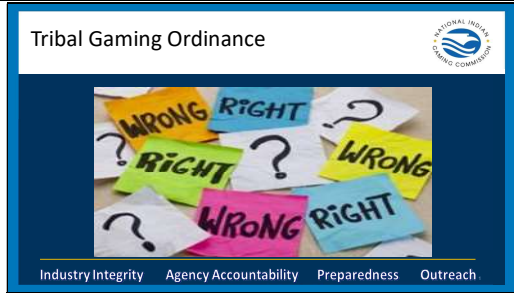

Purpose of IGRA (25 U.S.C. §2702):

- Promote tribal economic development, self-sufficiency, and strong tribal governments
- Shield tribes from organized crime
- Ensure tribes are the primary beneficiary of the gaming activities
- Ensure gaming is conducted fairly and honestly
- Establish federal regulatory authority for gaming on Indian lands

# Essential Roles of a Regulator Participant Guide

Slide 7

## Key Points

Tribal law creates TGRA authority to regulate gaming.

Before gaming commences, a tribe must have a gaming ordinance approved by the NIGC Chair.

A gaming ordinance provides the foundation in which a tribe may regulate gaming.

Each tribe is encouraged to tailor a gaming ordinance that best suits their needs.

- Incorporating IGRA & NIGC regulation requirements.
  - Example – Model Gaming Ordinance ([www.nigc.gov/compliance/bulletins](http://www.nigc.gov/compliance/bulletins))
    - Published January 10, 2018

Separate from the gaming ordinance/code are the tribal rules and regulations. The rules and regulations are more in-depth as opposed to the ordinance informing the public about the law. The rules and regulations inform the public how the law will be carried out. Tribal rules and regulations do not need NIGC approval. Tribal rules and regulations may be revised at any time and do not need to be reviewed by the NIGC.

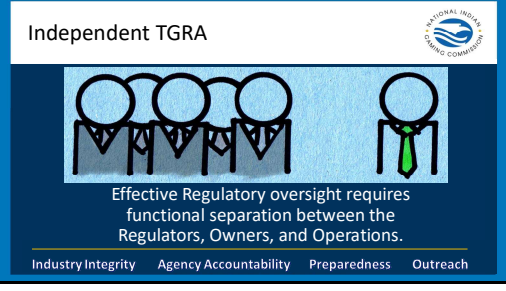

# Essential Roles of a Regulator Participant Guide

<p>Slide 8</p>	 <p>The slide features a blue header with the text 'Tribal Gaming Regulatory Authority' and the National Indian Gaming Commission logo. The main content area has a dark blue background with the title 'Structural Organization &amp; Operational Function' in white. ## **How to Write an Effective Report Course Handout**

### **I. Purpose**

- a) To document an impartial account of the facts and circumstances of an event.
- b) Defend Investigation

### **II. Helpful Hints**

- a) Write the report in a Microsoft Word or similar Software and copy the text into the final report format.
- b) Complete every section of the report form, if utilized. Include the date, time, location, and the reason for the report in the text of the report.
- c) Be detailed as it relates to the facts. If someone was helpful or uncooperative, describe the actions of the person.
- d) Outline Components
- e) Introduction (the beginning) – The introduction should include a summary of the event and investigation. Describe the event, investigation plan, relevant regulations or laws and the result.
- f) The body (the middle) - of the report should detail the facts of the event, the scope of the investigation, the evidence gathered, the evidence reviewed and the analysis of the evidence.
- g) The conclusion (the end) should explain how, the analysis guided the results of the investigation.

### **III. Effective Characteristics**

- a) Well organized
  - b) Grammatically correct
  - c) Defines all necessary terms, abbreviations and acronyms
  - d) Accurate
  - e) Specific Objective
- 

- f) Clear, Complete, Concise

#### **IV. Common Problems**

- a) Confusing
- b) Lack organization
- c) Not enough relevant details
- d) Not concise
- e) Poor grammar, punctuation, spelling
- f) Incorrect word use
- g) Use of terms, abbreviation and acronyms without explanation

#### **V. WWWWWH**

- a) Noticing details that matter – Height, clothing, speech, accent, things in the hand. Notice things, don't focus too much on describing them.
- b) Surroundings – Place, weather, crowded or not, temperature
- c) Action – What was happening, what are you describing?
- d) Subject – Who is the center of the action, the person doing the activity or the person who is the subject of the activity?
- e) Result – What happened as a result between the subject of the action and the object of the action?

Notes:

----------	---	---

**Course: Background Investigations: Eligibility Determination for Nuanced Standards**

**Activity 1:** Disqualifying Standards for PMO/KEY/Non-Key licensee

**Directions:** Working as a group, determine and develop a list of Prior activities, Crime(s), Reputation, Habits, or Associations, that would disqualify an applicant from being licensed.

**Example:** Multiple assault convictions

**Activity: Eligibility Determination (25 C.F.R. 558.3)**

Using the first activity of setting a criteria or standards to obtain a license: Based upon the information reviewed and verified and the investigative findings, and taking into consideration the applicant's prior activities, criminal record, if any, reputation, habits, associations, the applicant/licensee is **ELIGIBLE** or **NOT ELIGIBLE** for a license:

Scenario #1	Eligible	Not Eligible
Background investigator provided TGRA with social media images of applicant hanging out with known gang members		
A review of the applicants RAP sheet indicated 10 charges in the past 8 years for theft or writing of worthless checks but all charges were dismissed		
Work and residence history shows nothing negative		

Scenario #2	Eligible	Not Eligible
Routine search of social media found images from the The Blue Knights motor cycle club. Additionally active in toys for tots program, big brother and sisters.		
A review of the applicants' RAP sheet indicated 1 charge 23 years for grand theft, deferred charge.		
Work and residence history shows nothing negative		

Scenario #3	Eligible	Not Eligible
Background investigator documented from social media, images of applicant hanging out with known drug dealers whom are relatives		

A review of the applicants' RAP sheet indicated 2 charges in the past 10 years for misdemeanor theft.		
Review of work history shows 7 jobs with 3 non-responsive contacts 4 responsive noting they would not hire them back		

Scenario #4	Eligible	Not Eligible
Background investigator provided information that the individual in question is associated with the South West Easterly 102 <sup>nd</sup> St Crips.		
A review of the applicants RAP sheet indicated no criminal charges		
Review of work and residence history shows no negative results		

For licensing actions including revocation, denial, suspensions, do you have an appeal process in place?
