Course Descriptions

The Regional Training Course is designed around information and knowledge sharing dealing with current and ongoing issues and concerns in Indian Gaming, critical learning areas for compliance, and new and trending changes in regulation. Infused with real time information, current opportunities and ground breaking tools, the course provides all attendees flexible and relevant learning options. The course is designed for novice and veteran staff. The course will offer instruction in the following content areas:

Day 1 – All Participants

St Paul Regional Guidance on the Issues
The course is a panel discussion of the issues within the region. Participants will gain an understanding and discuss solutions surrounding issues they face in their region. It will highlight regional performance with comparative statistics to better gain an understanding of trends in the region. Topics will include the following: compliance issues with recommendations, legal issues with recommendations and audit issues with recommendations.

Day 2

Track1	Track 2
Internal Audit: A to Z Approach Internal Audit is an integral component toward protecting the assets of the gaming operation by examining policies and procedures, testing internal controls and monitoring compliance with policies and regulations. The Internal Audit function can provide information to improve your operation's internal controls. This is a 2-day course that will discuss the role internal audit plays along with the Tribal Gaming Regulatory Agency (TGRA) and Gaming Operation Management in the protection of assets. Additionally, the importance of planning, testing, documenting and reporting of the internal audit work.	**Detecting Gamesmanship: A Practical Approach** The focus of this course is to provide TGRAs with tools to determine if Gamesmanship is occurring, to identify additional steps to be taken and documents to request, and to understand what steps can be taken to prevent gamesmanship at their properties. Attendees will learn how to review their gaming ordinance and regulations to identify sections that provide the needed authority to request and review contracts and agreements for violations of the Indian Gaming Regulatory Act (IGRA). **How to Audit to 543.20** This course will review all sections of CFR543.20 and explore some of the problems identified during an NIGC IT Audit. The class provides real world examples of vulnerabilities documented by the IT Audit team and offers best practices to utilize as a guideline for assuring your operations and IT security. **NIGC Legal Opinions** This course describes the three most common legal opinions requested of, and issued by, the NIGC's Office of General Counsel (OGC): declination letters, Indian lands opinions and gaming opinions It also describes the process for obtaining a legal opinion from OGC: from submitting a written request, to receiving a written opinion, and everything that happens in between.

Internal Audit: A to Z Approach Internal Audit is an integral component toward protecting the assets of the gaming operation by examining policies and procedures, testing internal controls and monitoring compliance with policies and regulations. The Internal Audit function can provide information to improve your operation's internal controls. This is a 2-day course that will discuss the role internal audit plays along with the Tribal Gaming Regulatory Agency (TGRA) and Gaming Operation Management in the protection of assets. Additionally, the importance of planning, testing, documenting and reporting of the internal audit work.	**NIGC Electronic Fingerprint Program** Participants will be provided an overview of the process and procedures for implementation, review, and submission of electronic fingerprints through the NIGC System. Further, attendees will be exposed to the list of live scan vendors who have compliant devices to submit electronic fingerprints to NIGC, the resubmission process, submitting hard cards for processing, name search procedures and how the billing/invoice process is done. **Understanding FBI Criminal History** This learning block provides an in-depth view of the Criminal History Report and its use in background investigations. Attendees will learn to review, and decipher information and codes, along with how to locate specific information and what to do when this leaves more questions than answers. **Drop and Count – Class II** During this presentation, discussion will revolve around 543.17 MICS specific to the drop and count process. Topics will include, but are not limited to: card game drop, count room controls, key control standards, emergency drop and count procedures and player interface and financial instrument storage drop and count procedures. Attendees will gain an enhanced understanding of the inherent risks associated with the drop and count process and how the 543.17 MICS are intended to mitigate those risks.
