Upon submission of a budget, the Tribe shall review such budget and approve same or provide specific comments, if any, in writing to Capital within five (5) business days after receiving the proposed budget. From the date of receipt of the Tribe's comments, Capital shall have five (5) business days to revise the budget and resubmit the same to the Tribe, which shall have five (5) days to review and approve

the resubmission or to provide specific comments, if any, in writing to Capital. In the event the Tribe does not approve the resubmitted budget and the parties are otherwise unable to agree on the disputed item(s), then any such disputed item(s) shall be submitted to the JAC and, if the JAC cannot decide the issue, to arbitration as provided for herein. General Manager shall be included in all deliberations between the parties on the Budget but shall act as a representative of the Facility with an eye towards maximizing Net Gaming Revenues and Net Non-Gaming Revenues.

7.5 Contracts. Capital shall assist the Tribe in entering into such contracts and making such other plans and arrangements as will be necessary to commence operations of the Facility project. Capital shall abide by any procurement policies as herein stated and any policy which recognizes the Tribe's sovereign immunity from sales or use taxes whenever permitted by Law.

8.0 Additional Capital Responsibilities.

8.1 General Operational Responsibilities. The Tribe recognizes Capital's special expertise in operating gaming facilities and relies on that expertise to provide guidance to the Tribe, the General Manager and the Facility and/or Interim Facility, once the Interim Facility is open for business. As part of its responsibility under this Agreement, Capital agrees that during the Term, it will furnish to the Facility the Deliverables set forth below. In addition, Capital will take responsibility for ensuring that the Facility is operated by the General Manager in accordance with sound legal and profitable gaming industry practices, by monitoring and reporting to the Tribe on the implementation of such Deliverables, the Accounting Standards set forth below, and on Facility operations generally, and shall make timely recommendations to the JAC for improvements to be made as needed.

Compact. [§531.1(k)(1)] Capital shall develop commercially reasonable personnel policies and procedures which, at a minimum, shall establish a grievance procedure to settle disputes between Capital and employees or Tribe and employees. The dispute resolution mechanism between Capital and employees is attached hereto as Exhibit E. The policies and procedures shall be subject to approval by the Tribe, such approval not to be unreasonably withheld; [§531.(k)(3)]

8.2.2 Operational Procedures. Written policies, procedures and rules relating to the daily operation of the Facility (including each department thereof) and related businesses, including, but not limited to, policies which reflect industry standards or better regarding operations and supervision of gambling games, food preparation and service, sales of goods to gaming customers, Facility maintenance, security and surveillance, and marketing and promotions;

8.2.8 Compliance with Law. Written materials regarding compliance with all applicable Laws, including but not limited to the correct and timely payment of all worker's compensation, FICA, disability and other benefits as may be required of a Tribal employer on an Indian reservation, including the payment of any withholding taxes and the filing of all reports and returns in connection therewith, with IGRA and all regulations thereunder, with Capital, and with all collective bargaining agreements, if any, which may be applicable to said Facility;

8.2.9 Training. Together with the General Manager, initial training for all positions and in implementing ongoing training capability for employees;

8.2.10 Job Descriptions. Detailed descriptions for each employment position, including management positions, to be occupied in connection with the Facility, the number of persons required to fulfill such positions, and the hours and days per week of employment; and

8.3 Confer with General Manager. Capital shall attempt to include the General Manager's written suggestions wherever it is practicable, timely and reasonable to do so.

8.4 Obligations and Authority to Implement Budget; Limitation on Contractual Obligations. The Tribe shall approve or disapprove the Annual Budget and other Deliverables within ten (10) days after receipt. If the Tribe disapproves any of such Deliverables or Annual Budget, the Tribe shall specify the reason for disapproval. Capital shall then resubmit such Deliverable and/or Annual Budget for Tribal approval. If no Annual Budget for the current year has been approved by the Tribe, General Manager shall abide by the most recent Annual Budget approved by the Tribe in accordance with the foregoing provisions (the "Approved Annual Budget"), and shall supervise Facility personnel in making the specified expenditures and incurring the specified obligations provided for in the Approved Annual Budget. To the extent that it is absolutely necessary, General Manager shall have the flexibility to deviate from any Approved Annual Budget up to of any specific line item of such Approved Annual Budget.

8.5 Environmental Compliance. Capital agrees that it shall undertake the responsibility for ensuring that all construction and operation of the Facility is in compliance with any federal or state environmental laws imposed thereon, including but not limited to compliance with the National Environmental Policy Act ("NEPA") to the extent required by law. Such efforts will include, but not be limited to, engaging an environmental specialist to assist in the preparation and presentation to the NIGC and other agencies if necessary, of an Environmental Assessment and such other reports as may be required. Capital shall have the discretion of selecting such consultant, and the budget for all environmental work is hereby approved by the JAC to be up to _____ which shall be included as a pre-opening expense. To the extent that the fees and expenses of the environmental consultant exceed _____ the parties hereto agree and acknowledge that any such additional costs and expenses shall be approved by the JAC prior to their expenditure. Capital shall direct its efforts toward expediting the process to the extent possible under law, and shall use the Tribe's resources and previous environmental work on the site to the extent such use will assist in expediting the environmental clearances which are required. Tribe will cooperate with all information requests of the consultant and will release a true and complete copy of all its files on the work done on any Environmental Assessment on the site to Capital at or prior to the Closing. Tribe will also furnish all information required by the NIGC or other relevant agencies in regard to such environmental process. Except for Capital or Capital's designated consultant, Capital agrees not to permit any other party to file the Environmental Assessment or any other study (whether in draft form or otherwise) with the NIGC, any governmental agency, or anyone else not retained by Capital or Tribe in connection therewith, without Tribe's written approval. Tribe shall have three (3) business days from submission of the Environmental Assessment or any other report submitted to it (whether in draft form or otherwise) to approve the document, which approval shall not be unreasonably withheld. Failure to act within three (3) business days shall be deemed an approval. The Tribe and Capital specifically agree that the scope of the Environmental Assessment shall be limited to the Facility. Notwithstanding the foregoing, and in recognition of the government to government relationship between the Tribe and local governments, any contacts with the City of Auburn or King County regarding such environmental work (other than routine contacts necessary in order to perform the work to finalize the Environmental Assessment) shall be with the prior consent, and if it so chooses, the participation of, the Tribe through its designated representatives in this regard. Under no circumstances shall Capital make any agreements with or concessions to any governmental agency on behalf of Tribe.

8.6 Capital's Costs. All costs incurred by way of Capital's own employee salaries, benefits and travel expenses, and overhead, (but not consultants for the benefit of the Project) in carrying out its responsibilities in ensuring that the Facility is operated properly and in providing said Deliverables shall be borne solely by Capital and compensated, if at all, as part of Capital's Fee. Direct and out of pocket expenses incurred by Capital to third parties shall be reimbursed only if approved in writing in advance by the Tribe. It is anticipated that fees and expenses of professionals, such as architects, engineers, accountants and others shall be contracted directly with Tribe.

9.0 Accounting Standards

9.1 Accounting and Internal Controls. In order to ensure that the Facility is maximizing its revenue and has the ability to accurately analyze and account for its performance, the following minimum accounting and internal control standards shall be adopted.

9.2 Internal Control; Monitoring of Gross Receipts and Game Materials. Subject to the approval of the Tribe, Capital shall adopt in writing a system of internal controls for the safekeeping and monitoring of all monies, chips, markers, inventory and other items of value in connection with the gaming operations, food services, sales, receipts, prizes, gaming and other activities related to the Facility, and to prevent skimming of Gross Receipts or other disappearances of such proceeds ("Operating Procedures"), which Operating Procedures shall be employed by Facility personnel. At a minimum, the Operating Procedures shall provide that all receipts shall be counted and receipted regularly but no less than once per day, under oath by duly authorized and bonded representatives of Tribe and Capital. At least two (2) employees shall be present during any such count and shall both certify such count as provided for herein. The General Manager should adhere to all internal controls as a material condition of employment.

The bookkeeping and accounting system used shall be in accordance with the method recommended by the certified public accounting firm engaged to do the Facility audits and after consultation with the General Manager and adoption by Capital, subject to approval of the Tribe. The accounting system shall, at a minimum, include an adequate system of internal accounting controls, permit the preparation of financial statements in accordance with GAAP, be susceptible to audit, allows any Class II gaming operations, the Tribe, and the NIGC to calculate the annual fee under 25 CFR §514.1, permit the calculation and payment of Capital's fee, and provide for the allocation of operating expenses on overhead expenses among Capital, the Tribe, the Facility and any other user of shared facilities and services. [§531.1(c)(1)-(6)]

9.4 Accounting and Audits. The Tribe shall prepare monthly statements of all receipts, expenses, and other amounts collected and received and all deductions and disbursements made therefrom, and all assets and liabilities of the Facility. All monthly statements shall be signed by both the CFO and the Controller. The monthly statements shall be issued to the parties on or before the twenty-fifth day of the month following the month of reporting. Tribe shall select a certified public accounting firm of regional stature and reputation with experience in Class III gaming to perform an annual audit of the books, records, and internal controls of the Facility, and to annually certify the accuracy of the annual financial statements issued hereunder and render its opinion thereof to Capital and Tribe, all in accordance with GAAP. Such certified public accounting firm shall not be the firm utilized to prepare the regular monthly statement of the Facility. The expense for the audit shall be an operating expense.

9.5 Gaming Material and Receipts. All gaming materials and receipts shall be secured at all times, including the placement of such chips and funds in the safe or vault provided in the plans and specifications and otherwise complying with any requirements imposed or recommended by any company furnishing insurance, security, auditing or bonding. Any room in which a safe or vault is maintained shall be equipped with coded access alarms, television monitors, motion detectors, and such other security system as shall be determined in accordance with this Agreement. The Tribe shall maintain adequate twenty-four (24) hour security guard protection.

9.6 Bank Deposits. Receipts shall be transported to the bank for deposit into the Operating Account at least once each day by an approved armored transport carrier. Adequate security shall be provided in transporting funds to the armored carrier, except that after duly being counted and receipted as set forth above, such funds reasonably necessary to make change and continue Facility operations may remain on the premises. All protection and transportation of funds shall be through the use of bonded and professional trained personnel. Capital shall receipt copies of all deposit slips, bank statements, receipt summaries, and all other Facility summaries as and when prepared by Facility management. Capital and Tribe shall have the irrevocable right to designate three (3) specific individuals who shall be entitled to inspect the bank records and statements at the bank at any time permitted by the bank.

10.0 Taxes.

Tribe agrees that during the Term no tribal license, tax or other charge ("Tribal Tax") may be imposed upon Capital, the Facility, any sales to or receipts from patrons thereof, or any property (real or personal, tangible or intangible) used in association with the conduct of the Facility. As used herein, the term "Tribal Tax" shall not mean reasonable fees or charges imposed on Capital (or its principals or others affiliated with Capital) in connection with any background investigation, license application or suitability determination by Tribe's Gaming Commission. It shall be the responsibility of Capital to see that the Facility is advised on an ongoing basis and so as to avoid penalties or interest in complying with the provisions of the Internal Revenue Code of 1986, as amended, of any other federal or state tax law which applies concerning the reporting, payment and withholding of taxes with respect to winnings from gaming or wagering enterprises, employment of personnel, or excise or similar taxes lawfully imposed on Facility sales, revenues or profits. Capital shall consult with and assist General Manager to ensure, and it shall be Capital's responsibility that, such payments and reports, with respect to the Facility are correctly and finally made. [531.1(b)(14)]

11.0 Exclusivity.

Tribe agrees that, beginning with the date of the Agreement and during the Term, it will not engage any party other than Capital to perform the services to be provided by Capital hereunder as either an operator or a manager. Nothing herein shall be deemed to restrict Tribe from operating off-track betting or horse racing in another facility on the Reservation, or from engaging consultants with respect to specific needs, such as but

not limited to computer systems, surveillance, operation of games, marketing and public relations, and the like. It is the express understanding of the parties hereto that if Class II (other than pursuant to the existing Bingo Agreement) or Class III gaming activities (other than OTB or horse racing activities at another facility on the Reservation) are conducted by the Tribe in another facility utilized for operating off-track betting or horse racing on the Reservation, the Tribe specifically agrees and acknowledges that Capital shall be the exclusive operator of such Class II (other than pursuant to the existing Bingo Agreement) or Class III (other than OTB or horse racing activities at another facility on the Reservation) games to the extent they are allowed by IGRA, as amended, the Compact, as amended or any judicial determinations or any new Compact.

64 11.1 Special Terms with respect to In-Facility Off-Track Betting. Tribe agrees to provide up to _____ for construction of up to 15,000 square feet in the Facility in addition to the square footage set forth in Recital F, which additional space shall be used for OTB. Said contribution shall be deposited in such account or accounts and pursuant to such release instructions as the Joint Advisory Committee shall determine. With respect to any such OTB in the Facility, and in consideration for Tribe's contribution to such construction, only the _____ of Gross Gaming Revenues actually retained by the Facility each year during the Term from OTB wagers at the Facility, and no others regardless of where such wagers are made, shall be included in the Gross Gaming Revenues upon which Capital's fee shall be based under Section 15.1 below. Said OTB Gross Gaming Revenues includible for the purposes of determining Capital's fee shall not include any revenues collected or retained by Tribe from OTB wagers which would have been retained as assessments, fees or taxes by the State in which the race takes place (or any agency affiliated therewith) but for the fact that Tribe is a federally recognized Indian tribe or that such retentions or collections are kept by the Tribe as a consequence of the Indian Gaming Regulatory Act.

12.0 Limitations On Capital's Rights And Interest In Facility; Tribe's Ultimate Control.

Capital acknowledges and agrees that the Tribe has the sole proprietary interest in the Facility and that other than any security interest which might be created in favor of Capital as "Lender" under the Security Agreement, nothing express or implied by this Agreement or Funding Agreement, or the relationship of the parties, is intended to or shall be deemed to grant to Capital an ownership, proprietary, partnership, joint venture, or possessory interest in the Facility, the Facility, or the Reservation.

13.0 Capital To Be Independent Contractor.

The parties agree that Capital will act as an independent contractor in the performance of its duties under this Agreement and shall not be deemed an employee of Tribe. Accordingly, Capital shall be responsible for payment of all taxes, including federal, state and local taxes arising out of Capital's own activities in accordance with this contract, including, by way of illustration, but no limitation, federal and state income tax, social security taxes, unemployment insurance taxes, and any other taxes or business license fees as may be imposed on Capital, but Capital shall have no responsibility with respect to the reporting or payment of taxes, collection and payment of withholding, or the like by Tribe in connection with the Facility.

14.0 Confidential Information.

Except as required by any regulatory agency having jurisdiction over the Project or this Agreement or the rules and regulations of the U.S. Securities and Exchange Commission, and any disclosure required to the Trustee for Capital's bondholders, Capital agrees that any information received by it or any officer, director, shareholder, employee, representative, agent or consultant retained by Capital during the Term which concerns the personal, financial or other affairs of the Tribe, its officers, committee or Council members, or other Tribal members, or regarding marketing, promotions, customer lists, or operations (including internal controls, personnel policies, operating procedures, financial or statistical data) of the Facility will be treated as Tribe's trade secrets by Capital in full confidence and will not be revealed to any other persons, firms or organizations without Tribe's written consent.

15.0 Capital's Fee; Tribe's Guaranteed Draw.

15.1 Computation of Capital's Fee. Tribe agrees to pay
64 Capital a fee

64

Capital's Fee shall also be reduced by the salary, benefits, travel and other costs paid to the CFO pursuant to Section 5.7. Notwithstanding anything in this Agreement to the contrary, Capital's Fee shall be limited to _____ of Net Gaming Revenues as defined in Section 3.23. [§531.1(i)]

15.2 Capital's Fee for Gross Non-Gaming Revenues. Tribe agrees to pay Capital a fee for all Gross Non-Gaming Revenues, said fee to be equal to the percentage paid by the Tribe for the Gross Gaming Revenues as provided in Section 15.1 above and subject to all of the other terms and conditions applicable thereto.

64 15.3 Guaranteed Draw. Each month, the Tribe shall be entitled to a minimum payment of _____, which shall be payable out of revenues before the retirement of development and construction costs. (The "Guaranteed Draw"). [§531.1(f)] If the Guaranteed Draw cannot be paid out of cash flow each month, then Capital agrees to make up any short-fall (the "Short-fall Payments") so that the entire amount of the Guaranteed Draw is paid each month. Notwithstanding anything to the contrary herein, the Guaranteed Draw payable to the Tribe during the period for which an Interim Facility is in operation shall be _____ per month which shall be payable for each month beginning with the first full calendar month of operations regardless of whether this Agreement has been approved by the NIGC by such date. Any Short-fall Payment shall be repaid to Capital only from the Tribe's share of future Net Gaming Revenues, without interest, pursuant to the priorities set forth in Section 15.5 (except with respect to Short-fall Payments made during any period of gaming in the Interim Facility, which shall be nonrepayable, non-cumulative, and non-recoupable).

15.4 Timing of Payments to Tribe and Capital. Capital's Fee and Tribe's Guaranteed Draw as well as any other cash distributed to Tribe shall occur on the 25th day of the month following the month for which such fees are computed.

15.5 Distribution of Gross Gaming and Non-Gaming Revenues. Following the monthly determination of operating results, the following payments in order of priority shall be made on the basis of sound cash management practices, as determined by the JAC, which is fair to Capital and Tribe. In the event the JAC determines that some or all of these payments cannot be made, they will be accrued as payables and disbursed according to the JAC's cash management policy.

Priority of Payments:

- a. Current operating expenses and interest payments on loans herein and under the Funding Agreement.

17.0 Termination and Remedies.

17.1 Involuntary Termination Due To Changes in Applicable Law. It is the understanding of the parties that the establishment and the operation of the Facility complies with all applicable laws. In the event that this Agreement is determined by a court of competent jurisdiction no longer to be lawful, the obligations of the parties shall cease, and this Agreement shall be terminated.

17.2 Events of Default. Any one or more of the following shall constitute an event of default as that term is used herein:

17.2.1 Default in the payment of any payment (including any Late Payments or interest) when due if such default continues for more than ten (10) days after the due date thereof;

17.2.2 Default in the observance or performance of any covenant, condition, agreement; warranty or provision hereof and such default has continued for more than thirty (30) days after notice to cure thereof, unless such default cannot be cured in such time, in which case after a failure to cure said default after exercising due diligence to do so after such default has become capable of being cured;

17.2.3 Any false representation or warranty herein or in connection herewith in any material respect which is not made good within fifteen (15) days after notice to do so;

17.2.4 Any final decree or judgment of insolvency or bankruptcy by Capital; or

17.2.5 In the event Capital should fail to qualify under the Compact, Ordinance or by law for a license, certificate, or other requirement to do business with Tribe or on Tribe's Reservation as contemplated herein.

17.3 Remedies. When any event of default has occurred and is continuing, the parties, at their option, may:

17.3.1 Proceed by appropriate Dispute Resolution as provided hereinbelow;

17.3.2 Terminate this Agreement on notice to defaulting party; or

17.3.3 Recover any damages occasioned by such default. All damages hereunder shall bear interest from the date due at the rate of

64

Without limiting the foregoing, Capital shall have no right to claim or seek possession or occupancy of the Facility or any other

property of Tribe or to prevent Tribe from engaging in gaming or any other activity within or without the Facility without the Tribe's consent.

17.3.4 Capital shall have the right to withhold (i) any of the payments set forth in Section 2.2 or 2.3, (ii) the loans pursuant to the Funding Agreement and (iii) the loans referenced in paragraph 12 of the July 29, 1994 Letter Agreement.

Except for the limitations set forth in subsection 17.3 above, which shall prevail as to Tribe, the remedies hereinabove shall be cumulative and in addition to any other remedy available by Law. Any termination provided for in this Agreement shall not require approval of the Chairman of the NIGC. [§531.1(j)]

17.4 Termination Due to Failure to Establish Facility. Subject to Section 32 hereof, if Capital does not complete construction of the Facility so that it may be opened to the public by September 30, 1995, this Agreement shall, at the option of the Tribe, be terminable upon delivery of written notice to Capital.

17.4.1 Option to Extend Termination Date. Capital may at its option extend such termination date by paying,

64

All options fees shall be non-refundable and non-recoupable and deemed consideration for the options only and not as penalties or forfeitures.

17.4.2 Further Conditions to Exercise of Extension Option. As a condition to the validity of this Agreement and any obligation of Tribe to submit it to the NIGC for approval or perform any other obligation hereunder, Capital shall provide a termination and release letter duly executed and authorized by Capital and addressed to Tribe in the form attached hereto as Exhibit B, upon execution of this Agreement, by which letter Capital intends to fully release Tribe from any and all obligations under this or any other agreement (except for the Bingo Management Agreement and Tribe's obligations under the Funding Agreement, Security Agreement and Promissory Note) which may exist between either of them and Tribe if the Agreement terminates on or after

September 30, 1995. The original of such letter shall be held in escrow by an escrow agent acceptable to Tribe and Capital and pursuant to an escrow agreement to be executed concurrently with the execution of this Agreement. If Capital desires to exercise the option to extend the termination to October 31 or any other date provided above, and as a material condition to the effective exercise of said option, Capital and Tribe shall each execute a new letter in exactly the same form as Exhibit B (except for the insertion of the new termination date) and deliver it to said escrow along with the payment which is due for such extension.

18.0 Interference with Tribal Government.

18.1 Capital shall not unduly, either directly or indirectly, interfere with, become involved in, or attempt to influence the internal affairs of Tribe, its members or its Tribal government. Any attempt by Capital or its officers, agents, or employees to influence any Tribal employee or member of the Tribal Council to circulate or vote on any initiative or recall petition or any other matter, or the paying of any monies thereto without full disclosure to and approval by the Tribe, shall constitute an interference with Tribal affairs and shall be grounds for termination of this Agreement.

18.2 As a material condition of this Agreement, Capital warrants and represents that no payment or thing of value has been made or provided to by it or any of its agents, employees or representatives, or will be made or provided to in the future by it or its agents, employees or representative, to any member of the Tribal government or to any relative of any Tribal official, or to any Tribal employee, including General Manager, without the knowledge and written consent of the Tribe.

18.3 No member of the Tribal government, or relative in the immediate household of a member of the Tribal government, may be an employee of Capital.

18.4 No elected member of the Tribal government or relative of an elected member of the Tribal government shall have any direct or indirect financial interest in the Facility, other than as a Tribal member. No such person shall be an investor in, or shareholder, director, officer or employee of Capital without the Tribal Council's express written consent.

18.5 For the purpose of this paragraph, "relative" means an individual who is related as a father, mother, son or daughter. "Member of the Tribal government" means the Tribal Council or

governing body, including any independent board or body created to oversee any aspect of gaming or any Tribal court officials.

19.0 Limited Waiver of Sovereign Immunity; Arbitration.

19.1 In the event of a dispute with regard to the interpretation of, or enforcement of rights or duties under this Agreement, the Funding Agreement, and the Pledge and Assignment Agreement, Tribe expressly waives, in a limited manner, its sovereign immunity from suit on such issues and such issues only, and consents to be sued in any Tribal court, and in the United States District Court for the Western District of Washington, the United States Court of Appeals for the Ninth Circuit, and the United States Supreme Court. Remedies against the Tribe in such actions shall be limited, provisionally and permanently, to those set forth in paragraph 17 of this Agreement. Notwithstanding the foregoing, disputes with respect to any consent or approval required to be made by either party wherein it is stated that such approval shall not be unreasonably withheld, and provided neither party is claiming a breach or cause for damages or termination of the contract, shall be referred to Arbitration in accordance with the Rules of the American Arbitration Association, to the extent not inconsistent with this Agreement. The rules for such Arbitration are as follows:

19.1.1 The arbitration shall take place on the Reservation, or if that is not possible under said rules, as close thereto as practicable;

19.1.2 The decision of the Arbitrator shall be enforced with the same force as a decree of a court having competent jurisdiction;

19.1.3 Both parties agree to submit to the jurisdiction of such arbitration and to any court described above for resolution of such disputes and enforcement of any and all orders arising in connection therewith, and expressly waive any immunity they may claim in connection therewith; and

19.1.4 Arbitration costs arising out of this procedure shall be borne equally by the parties; provided, however, the Arbitrator shall have the authority to assess such costs disproportionately or to assess all of the costs to one party if arbitration is required because of unreasonableness or bad faith on the part of such party. [§531.1(k)(2)]

19.2 This Agreement does not constitute, nor should it be construed as, a waiver of sovereign immunity of the Tribe, except as set forth herein.

20.0 **Notices.** Any notice required to be given hereunder shall be delivered personally, shall be sent by first-class mail, postage prepaid, return receipt requested, or shall be given by facsimile, to the respective parties at the addresses set forth hereinbelow, which addresses may be changed by the parties by notice conforming to the requirements of this paragraph. Any such notice deposited in the mail shall be conclusively deemed delivered to and received by the addressee five (5) days after deposit in the mail, if all of the foregoing conditions of notice shall have been satisfied. Any facsimile communication shall be deemed delivered and received on the date of the facsimile, if (a) the transmittal form is retained by the sender, and (b) the facsimile communication is followed by mailing a copy thereof to the addressee of the facsimile in accordance with this paragraph.

21.2 The list above will be updated by Capital on a monthly basis if there are any changes to this list.

21.3 Capital warrants that every person whose name appears or shall in the future appear on the list are of good moral character and have never been convicted of any felony or of any misdemeanor involving moral turpitude, and that such persons are suitable for a gaming license under Law.

21.4 Capital and its employees shall, at all times, abide by all ordinances, rules and regulations of the Tribe not inconsistent with the terms hereof.

21.5 Capital shall take all reasonable measures to provide gaming services as provided herein in a professional, orderly and attractive manner.

22.0 Obligations of Tribe; Licensing; Interim License.

Tribe shall provide all business permits or licenses as required by Tribal laws or ordinances, subject to any approvals which must be obtained thereunder, and further subject to such investigative and application fees and charges as may be required. Tribe hereby represents that it has issued an interim license to Capital, as follows: Capital has represented to Tribe that it has

qualified with the Washington State Gambling Commission ("WSGC") to provide gaming services and finances to the Tribe under Tribe's Compact. On the basis of such representation, and assuming there is no change in that status, the Tribal Gaming Commission has issued an interim license to Capital subject to completion of the Tribal Gaming Commission's own investigation. The Tribe and Tribal Gaming Commission also agree that, in light of the findings by the WSGC, a license to do business on the Reservation will not be refused or revoked without reasonable cause, and that fair consideration shall be given at all times to any then current findings as to Capital's suitability by the WSGC. Capital shall provide such information and pay such fees and costs as the Tribal Gaming Commission shall reasonably require, subject to the prior approval of Capital, in order to complete background investigations in connection with the license. The refusal to pay reasonable fees and costs when requested may be grounds for denying a license.

23.0 Interim Facility.

23.1 The Tribe and Capital agree to commence the operation of an Interim Facility for the purposes of conducting Class III gamings on or before April 30, 1995. Capital and Tribe agree to use their best efforts to have the Interim Facility ready for opening to the public, with all regulatory approvals in place, on or before April 30, 1995. The opening of the Interim Facility shall constitute the opening of the Facility for the purposes of this Agreement. If the Facility (whether permanent or an Interim Facility) is ready to open but this Agreement has not yet been approved by the NIGC, then the Tribe may open the Facility (or Interim Facility) to the public for business, which facility shall be operated pursuant to the terms and conditions of this Agreement to the extent permitted by Federal or State law including, without limitation, the rights and obligations of the Tribe and Capital to serve on the JAC (subject to applicable Federal or State law) provided, however, that (i) Capital shall receive no fees pursuant to this Agreement until it receives NIGC approval, (ii) the Tribe will commence monthly payments pursuant to the Funding Agreement, and (iii) the Term of this Agreement shall commence upon the earlier of (x) the date this Agreement receives NIGC approval or (y) 180 days following written confirmation by the NIGC that the filing package for NIGC approval is complete and this Agreement is deemed approved as a matter of law.

64 23.2 The Tribe shall contribute to the construction of the Interim Facility and Capital shall pay the total cost of establishing the Interim Facility pursuant to a mutually agreed upon budget. Funds which are used for furniture, equipment or other property which are subsequently utilized in the permanent Facility will be considered a loan to the Tribe pursuant

to Section 2.4.4. After the termination of the use of the Interim Facility, Capital shall be entitled to retain all furniture, equipment and other property whatsoever (other than fixtures) utilized in connection with the Interim Facility which is not funded pursuant to Section 2.4.4 hereunder, i.e. which is not actually used in the Facility.

24.0 Assignments.

This Agreement is personal to Capital and shall not be subject to assignment or subcontracting by Capital without the express written approval of the Tribe, and any attempt to do so shall terminate this Agreement. [§531.1(1)] Capital represents and warrants that it and each of them are corporations in good standing within the State of New Jersey, and will maintain such standing throughout the Term. Any change in the ownership of 5% or more of Capital's issued and outstanding stock or, if a subsidiary corporation, of Capital's parent or any other corporation exercising control, shall constitute an assignment for these purposes. [§531.1(m)].

25.0 Consent and Approvals.

Unless otherwise expressly provided, at all places in this Agreement where approval of a party is required, such consent shall not be unreasonably withheld.

26.0 Applicable Law.

This Agreement shall be construed in accordance with applicable federal law and the laws of the State of Washington to the extent State law applies.

27.0 Guarantee of Capital Gaming International, Inc.

Capital Gaming hereby guarantees the timely performance of the duties and obligations, each and all, of Capital Management under this Agreement, including any amendment thereto. If Capital ceases being the sole owner of Capital Management, Inc., Capital Gaming may request that additional owners assume part or all of such guarantee, but such substitution shall not be effective unless and until Tribe has approved the substitution in writing. Tribe's approval shall not be unreasonably withheld.

28.0 Entire Agreement.

The Tribe and Capital represent to one another and to the Chairman of the NIGC as required by 25 CFR Part 533.3, that this Agreement contains the entire agreement of the parties on the

subject matters contained herein, and neither party is relying on any statements, representations or promises made by another (whether or not a party hereto) which are not contained in this document. This document shall be deemed drafted by both parties and shall not be construed against any party by virtue of such draftsmanship. [§533.3(a)(2)]

29.0 Modification and Amendment.

This Agreement may be modified or amended at any time and from time to time, but any such modification or amendment must be in writing and signed by each of the parties hereto and will be filed with the NIGC as a modification to a management contract pursuant to IGRA.

30.0 Amendments to Agreement.

The Tribe and Capital agree that they will execute any amendments to this Agreement, Funding Agreement or Consent to Pledge and Assignment required by Tribal Law, the NIGC and any state regulatory agency having jurisdiction over the Project. In the event that any amendment to this Agreement or Funding Agreement is required by the NIGC or any other federal or state regulatory body or Tribal Law and such amendment would have a material adverse financial impact on either of the parties hereto, then in such event, the parties agree to amend either of such agreements such that the parties will be re-positioned so that they maintain the same economic interest in the Project that they enjoyed prior to any such amendments being requested. If the parties cannot agree on the nature of the changes needed to reform the agreement(s), then they shall mutually select an independent auditing firm whose decision upon both shall be binding. The parties agree that such amendments will be executed within fifteen (15) business days of

receipt of any oral or written comments from these agencies or directive by the independent auditor.

31.0 Tribal Preference.

Capital and the General Manager shall give preference in hiring and promoting to qualified applicants in the following order of priority: (i) Tribal members, (ii) enrolled members of other federally recognized Indian Tribes and (iii) all other persons.

32.0 Force Majeure

Capital shall not be liable for failure to perform any of its obligations under this Agreement when such failure is caused by the occurrence of any contingency beyond its reasonable control, including, but not limited to, fire, (other than fire caused by an employee of such party), flood, strikes or other industrial disturbances, failure of supply of other raw materials, accident, war, riot, insurrection, acts of God, failure or delay in transportation, or unavailability of materials, or any occurrence or circumstance not caused by Capital leading to an extension of the Contract Time pursuant to the General Contractor's Agreement between the Tribe and Frontier Construction Company.
