## Virtual Training Conference Attendance Through Zoom

---

The National Indian Gaming Commission recognizes the importance of training and information sharing during this unprecedented, challenging time and is pleased to announce the National Virtual Training Conference. This all virtual training is intended to reach audiences across the nation with a format designed to cover many important topics and questions currently relevant to our stakeholders.

The Division of Compliance has developed an all virtual training conference consisting of 9 presentations over the span of 3 days. The National Virtual Training Conference includes panel discussions and presentations related to Audit, Compliance, Technology and Criminal Justice Information Services (CJIS).

The National Virtual Training Conference is intended for tribal leaders, tribal gaming commissioners and regulators, and casino operations staff. For more information on the specific panel discussions and topics, please see the agenda and course descriptions below.

To submit questions, or other recommendations, for panelists and presenters prior to the event, please send to [traininginfo@nigc.gov](mailto:traininginfo@nigc.gov). Please include the panel/course name followed by NVTC in the email subject line.

Access to the virtual training *requires prior individual registration* using the links provided and appearing as panel/course names in the agenda below. Once registered, participants will receive an email confirming their registration along with a link to access the specific course or panel.
