 - Suspect tackled by military patrons and taken into custody

11

The Evolution of Police Response

12

What Is Situational Awareness?

Situational awareness involves being aware of your surroundings and the environment.

The ability to identify, process, and comprehend information about what is occurring or about to occur and how one's own actions will impact both immediate and future outcomes.

Potential Indicators of Violent Behavior:

- Is there any previous behavior or emotional state that raises a "Red Flag"??
- "Watch List"; Disgruntled persons or complaint file

Pre-Attack Indicators

- What are some signs / signals that person presents that are possible out of the ordinary?

Armed Robbery v. Active Shooter

- What are some signals / signs and or differences between the two?
- What are the differences in your actions?

14

How do *YOU* respond to an active shooter?

Your location and the location of the incident dictate your actions!

- RUN
- HIDE
 - Cover v. Concealment
- FIGHT

15

Building Lock Down Procedures

- Activate the emergency plan
- Lock doors
- Communicate
- Use signals and/or codes if rehearsed
- Determine a Safe Area
- Account for employees
- Do not open door until police arrive

16

When Law Enforcement Arrives

 Homeland Security

What are Soft Targets?

- Typically defined as publicly accessible locations that are not generally "fortified."
- Recognize that any soft target is vulnerable to an act of violence / terrorism
- You CAN dramatically reduce your risk profile and provide for a safer, more secure facility by identifying policies and procedures that can effectively address acts of violence and terrorism

How can we harden Soft targets?

- Safety, Security and Emergency Plans
- Conduct a comprehensive vulnerability assessment to identify weaknesses in your current facility emergency action plan
- Assess the facilities security and life safety product inventory

What Is Your Role?

- Be Vigilant (Be Present & Observe)
- Should you Intervene?
- What resources do you have?
 - What are Security forces doing?
 - Camera surveillance
 - Signals, codes
 - Prior training, drills
- Notify and Communicate Information
- Take Control
 - Assist the public in escaping the threat
 - Alert occupants and provide assistance (evacuate or shelter in place)
 - Render aid

After the Incident?

- Closures? What, and for how long?
 - Remember it is now a Crime Scene
 - Return to Normalcy
- Loss of Business
- Media
- Public Relations
- Counseling
- After Actions / Lessons Learned

Plan, Plan, Plan!

Chaos, panic and fear can never be eliminated. But they can be minimized and controlled when there is preparation, planning and rehearsal prior to the event that causes them.

Success depends upon previous preparation, and without such preparation there is sure to be failure."
~ Confucius
