**Tulsa Regional Training Course**  
**Track 1**

Dear Training Course Participant,

Over twenty five years ago Congress adopted the Indian Gaming Regulatory Act (IGRA) to provide statutory support for gaming by Indian tribes. The National Indian Gaming Commission (NIGC) was created by IGRA to partner with tribal regulators to regulate gaming activities conducted by sovereign Indian tribes on Indian lands. The mission of the NIGC is to fully realize IGRA's goals of: (1) promoting tribal economic development, self-sufficiency and strong tribal governments; (2) maintaining the integrity of the Indian gaming industry; and (3) ensuring that tribes are the primary beneficiaries of their gaming activities.

One of the primary ways the NIGC does this is by providing training and technical assistance to Indian tribes and their gaming regulators.

A properly trained and informed workforce is the most successful key to regulation and the assurance of compliance. Focused, targeted and responsive training and technical assistance programs provide a foundation that maintains the integrity and success of Indian gaming.

Through dedication and hard work, Indian gaming has experienced notable and successful growth thanks to the partnership of dedicated employee's, regulators and tribal governments and the NIGC. Our continued success depends on grabbing the growing momentum and "*Work Together for Success*", now and into the coming future.

With this backdrop in mind, we encourage you to take advantage of the NIGC training opportunities highlighted by this course. The Commission recognizes your work is essential to the success of Indian gaming and encourages you to use the tools you will receive and knowledge you will gain from this course to further regulatory excellence in Indian gaming.

**Jonodev Osceola Chaudhuri**

## TRACK 1

#### **AUD-120 Internal Audit: A to Z Approach**

Internal Audit is an integral component toward protecting the assets of the gaming operation by examining policies and procedures, testing internal controls and monitoring compliance with policies and regulations. The Internal Audit function can provide information to improve your operation's internal controls. 25 CFR Part 543.23 provides guidance; however, it was never intended to define the Internal Audit function. This is a 2-day course that will discuss the role internal audit plays along with the Tribal Gaming Regulatory Agency (TGRA) and Gaming Operation Management in the protection of assets. Additionally, the importance of planning, testing, documenting and reporting of the internal audit work will be examined to further the understanding of how each element enhances the usefulness of the final product.

## TRACK 2

### **CMP-106 Detecting Gamesmanship: A Practical Approach**

This course builds on the initiative training provided during FY2016: “Preventing Gamesmanship on the Backs of Tribes”. The focus of this course is to provide TGRAs with tools to determine if Gamesmanship is occurring, to identify additional steps to be taken and documents to request, and to understand what steps can be taken to prevent gamesmanship at their properties. Attendees will learn how to review their gaming ordinance and regulations to identify sections that provide the needed authority to request and review contracts and agreements for violations of the Indian Gaming Regulatory Act (IGRA). Practical exercises will be conducted that will assist the attendee identify problematic language in contracts that indicate unapproved management, violations of the tribe’s sole propriety interest and/or misuse of gaming revenue. At the end of this interactive course, the attendee will have tools necessary to identify Gamesmanship and know what actions can be taken to remedy or prevent instances of Gamesmanship and violations of IGRA.

### **CMP-107 TICS/SICS Workshops**

25 CFR Part 543 provides the flexibility for Tribes to customize their controls to fit their gaming operation’s needs. The MICS intent was to give tribes the autonomy to develop what works for their specific operations by allowing for tribes and operations to develop and implement specific procedures as it relates to class II gaming. Based on analysis it has been determined that there is still a need in TICS/SICS development to help ensure compliance is met. This is a 9- hour course that will discuss elements of control and how to recognize areas in the TICS and SICS where detailed procedures should be written so that the Tribal Gaming Regulatory Agency (TGRA) and Gaming Operation Management are provided with a reasonable assurance that assets are protected.

## How to Get the Most Out of This Course

We will try and ensure you have as much information as you need to lessen the need for lengthy notes.
- ❖ **Don't hesitate, participate.** The course will be more interesting and productive when everyone participates. If you don't understand something, there is a good chance someone else does not either, so do everyone a favor and ask questions. Additionally, don't hesitate to answer our questions and share your relevant knowledge and experience with all of us.

**Please note:** This course is conducted in English with instruction facilitated by verbal and written communications.

## **Course Structure**

The Regional Training Course is a 3 day course developed to provide an encompassing event surrounding current, trending and critical knowledge areas in Indian gaming. Providing full staff learning opportunities, as well as focus area learning tracks, the course is designed to give tribal gaming regulators and operations personnel, commissions and staff a wide variety of subject needs to meet concerns and relevant areas of interest in Indian gaming.

Each instruction topic is focused around identified concern areas, new content and regulations and a variety of mechanisms for change, improvement and compliance for success. Each block focuses on various staff roles and responsibilities, focusing on similarities, differences, and opportunities for collaboration and sharing of practices and improvements. Most topic areas will pair an equal amount of time to facilitated lecture and action based learning.

The primary training methodologies will be interactive lecture, small group discussion, and case study. Action based learning will be facilitated through small groups and case study. Final learning will be measured through exercise completion and observation.

# Human Trafficking

National Indian Gaming Commission  
Kashena, WI  
August 22, 2017

---

---

---

---

---

---

Presented by:  
C. Renee Bourque, Supervisory Victim Specialist, BIA

---

---

---

---

---

---

---

---

## Learning Objective

**DISCLAIMER:** Some of the information that you will hear and view contains graphic images and language as the information is taken from actual web sites that are used in the solicitation process.

- Introduction to human trafficking in tribal communities.
  - Increase your awareness
    - Provide definitions of human trafficking
    - Learn how to identify potential victims
    - Understand the mindset of victims

---

---

---

---

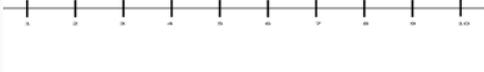

---

---

---

---

What is your knowledge on trafficking?

1 = lack any knowledge  
10 = know everything about trafficking

---

---

---

---

---

---

---

---

Exercise

---

---

---

---

---

---

---

---

Ask Yourself

- Do you believe that human trafficking is happening in your community?
- Could a homeless person or runaway be a victim of human trafficking?
- Are human trafficking victims drug addicts?

---

---

---

---

---

---

---

---

### True or False

- Is there human trafficking in Oklahoma?
- Is there trafficking in rural Oklahoma?
- Are prostitutes willing participants?
- Can children be prosecuted for prostitution?
- Is human trafficking prosecuted at the Federal level?
- Are all participants involved criminals?
- Does every jurisdiction have victim services for human trafficking victims?
- Do human trafficking victims want to be rescued?

---

---

---

---

---

---

---

---

### Understanding the Mindset of a Victim

- Victims often don't see themselves as victims.
- Victims may feel shame, self-blame and feeling of unworthiness
- Victims may be coached to lie (give fabricated histories/scripted stories)
- Victims are fearful and distrust law enforcement and government services due to fear of arrest.
- Victims may have formed a trauma bond with their exploiter and may have deep loyalties and positive feeling for their abuser.
- Drugs often play a role in sex trafficking situations- sometimes as a way to cope victims stay in "the life" to support a drug habit.

---

---

---

---

---

---

---

---

### Language

- **Pimp:** (Gorilla Pimp / Romeo Pimp) A person who controls and financially benefits from the commercial sexual exploitation of another person.
- **Bottom Bitch:** A female appointed by the trafficker/pimp to supervise the others and report rule violations. Also responsible for recruiting.
- **Branding:** A tattoo or carving on a victim that indicates ownership by a trafficker/pimp/gang.
- **Daddy:** The term a pimp will often require his victim to call him.
- **Date:** The exchange when prostitution takes place, or the activity of prostitution. A victim is said to be "with a date" or "dating." (John, Trick)

---

---

---

---

---

---

---

---

## Language continued

- **The LIFE:** The subculture of prostitution, complete with rules, a hierarchy of authority, and language. Women and girls will say they've been "in the life" if they've been involved in prostitution for a while.
- **Turn Out:** To be forced into prostitution or a person newly involved in prostitution.
- **Wife's/Wife-in-Law/Sister Wife:** What women and girls under the control of the same pimp call each other
- **Eyeballing:** A term which refers to the act of looking around instead of keeping your eyes on the ground. Eyeballing is against the rules and could lead an untrained victim to "choose up" by mistake.
- **Choosing Up:** The process by which a different pimp takes "ownership" of a victim

---

---

---

---

---

---

---

---

## Definitions

### **Sex Trafficking**

The recruitment, harboring, transportation, provision, obtaining, patronizing, soliciting, or advertising of a person for a commercial sex act induced by **force, fraud, or coercion**, or in which the person induced to perform such an act has not attained 18 years of age.

- Under 18 years of age it is a crime, and law enforcement does not have to prove force, fraud or coercion.

### **Labor trafficking**

The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of **force, fraud, or coercion** for the purpose of subjection to **involuntary** servitude, peonage, debt bondage, or slavery.

---

---

---

---

---

---

---

---

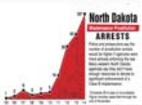

## Examples of Sex and Labor Trafficking

### **SEX TRAFFICKING:**

Child sex tourism, massage parlors, street prostitution, recruitment of tribal members from casinos into city limits; parents trading children for food, drugs, alcohol, wood, utilities, runaway or homeless youth (aging out of foster care) "man camps".

### **LABOR TRAFFICKING:**

Agriculture, begging/street peddling, beauty salons, construction, custodial work, elder care, exotic dancing, food industry/restaurant work, traveling sales crews, oil fields, etc.

---

---

---

---

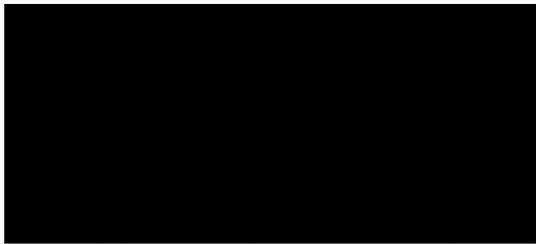

---

---

---

**Native American Trafficking – Video (8:16)**

---

---

---

---

---

---

---

---

**Statistics**

- Trafficking is a continuation of a lengthy history for Native people, with colonization of America through wars, forced removal from homelands to reservations, boarding schools and forced urban relocation.

**Commercial Sex Trade Data**

- A review of community impact data taken from four formal studies demonstrates the disproportionate impact the commercial sex trade has on indigenous communities in both the U.S. and Canada.
  - In Hennepin County, Minnesota, roughly 25 percent of the women arrested for prostitution identified as American Indian while American Indians comprise only 2.2 percent of the total populations.
  - In Anchorage, Alaska, 33 percent of the women arrested for prostitution were Alaska Native, but Alaska Natives make up only 7.9 percent of the population.
  - Although many individuals involved in prostitution are not victims of sex trafficking, it is telling that Native women are so disproportionately represented among the population. It is necessary to examine what leads these women to this work and whether they have any other viable opportunities for economic advancement within their communities

- Establishes a three-prong approach prevention, protection and prosecution.
  - §7101. Purposes and findings
    - (a) The purposes of this chapter are to combat trafficking in persons, a contemporary manifestation of slavery whose victims are predominantly women and children, to ensure just and effective punishment of traffickers, and to protect their victims.

---

---

---

---

---

---

---

## Potential Indicators of Violent Behavior:

- "Watch List"; Disgruntled persons or complaint file

### Pre-Attack Indicators

- What are some signs / signals that person presents that are possible out of the ordinary?

### Armed Robbery v. Active Shooter

14

---

---

---

---

---

---

---

---

## How do *YOU* respond to an active shooter?

15

---

---

---

---

---

---

---

### When Law Enforcement Arrives

 Homeland Security

---

---

---

---

---

---

---

---

## What are Soft Targets?

- Typically defined as publicly accessible locations that are not generally "fortified."
- Recognize that any soft target is vulnerable to an act of violence / terrorism
- You CAN dramatically reduce your risk profile and provide for a safer, more secure facility by identifying policies and procedures that can effectively address acts of violence and terrorism

---

---

---

---

---

---

---

---

## How can we harden Soft targets?

- Safety, Security and Emergency Plans
- Conduct a comprehensive vulnerability assessment to identify weaknesses in your current facility emergency action plan
- Assess the facilities security and life safety product inventory

---

---

---

---

---

---

---

---

## What Is Your Role?

- Be Vigilant (Be Present & Observe)
- Should you Intervene?
- What resources do you have?
  - What are Security forces doing?
  - Camera surveillance
  - Signals, codes
  - Prior training, drills
- Notify and Communicate Information
- Take Control
  - Assist the public in escaping the threat
  - Alert occupants and provide assistance (evacuate or shelter in place)
  - Render aid

---

---

---

---

---

---

---

---

## After the Incident?

- Closures? What, and for how long?
  - Remember it is now a Crime Scene
  - Return to Normalcy
- Loss of Business
- Media
- Public Relations
- Counseling
- After Actions / Lessons Learned

---

---

---

---

---

---

---

---

## Plan, Plan, Plan!

Chaos, panic and fear can never be eliminated. But they can be minimized and controlled when there is preparation, planning and rehearsal prior to the event that causes them.

Success depends upon previous preparation, and without such preparation there is sure to be failure."  
~ Confucius

## Exercise #1 BUDGETING

The Internal Audit Department has 6 full-time employees and is trying to determine if it has available man-hours to accommodate the request to complete several other non-gaming audits.

Using Handout #1, determine and write in the amount of hours estimated to complete the gaming audits. Write this number in the “Less Budgeted Audit Hours”

Next determine the missing information. Then complete your calculations.

QUESTION:

- Based on your calculations, will the IA Department be able to complete additional audits? \_\_\_\_\_

	<b>Total Working Hours:</b> 6 auditors x 40hr x _____ weeks				
<b>Minus</b>	<b>Holidays:</b> 13 days x 6 auditors x _____ hrs.				
	<b>Training Hours:</b> 6 auditors (56 hrs. each )

(i) When bingo card inventory is initially received from the supplier, it must be inspected (without breaking the factory seals, if any), counted, inventoried, and secured by an authorized agent.

(ii) Bingo card inventory records must include the date received, quantities received, and the name of the individual conducting the inspection.

(3) *Storage.*

(i) Bingo cards must be maintained in a secure location, accessible only to authorized agents, and with surveillance coverage adequate to identify persons accessing the storage area.

This finding details an instance of non-compliance with the required MICS and the System of Internal Control, which was noted during this audit. This finding is followed by recommendation made by \_\_\_\_\_ to prevent future instances of non-compliance followed by management response to that recommendation.

Compliance with regulatory requirements is the responsibility of \_\_\_\_\_ Management. \_\_\_\_\_ responsibility is to ascertain proper compliance by testing and evaluating the appropriate departments as to whether adequate procedures and controls have been established and complied with, and then to report any findings, with recommendations, to Management in order that corrective action can be taken.
